Consider approval of Turnaround Plan (TAP) for Resnik, Targeted Improvement Plans (TIP) for McAuliffe, Kriewald, Bob Hope, Medio Creek and Hidden Cove for 2026-2027

1. Background:
   Texas Education code (TEC), Chapter 39, requires schools and school districts who have been rated as having an overall F, overall D, or are identified as Targeted Support, to engage in the continuous improvement process to address indicators that led to the identification and develop either a Targeted Improvement Plan (TIP) or a Local Improvement Plan (LIP) for the school year. Campuses that received the LIFT grant also submit their TIP to the TEA. The Targeted Improvement Plans will be submitted for approval at the November Board meeting.

   According to the Texas Education Code §39A.101, a campus that has been identified as unacceptable for two consecutive years must develop and submit a Turnaround Plan (TAP) to the Texas Education Agency explaining the campus' systemic approach to producing significant and sustainable gains in achievement and an overall C or higher rating within two years. Campuses not meeting this standard in two years are subject to further sanctions. The Turn Around Plan will be submitted for approval at the November Board Meeting.

2. Process:
   The District Coordinator of School Improvement (DCSI), Executive Directors of Curriculum and campus leadership received the mandated training on the Effective Schools Framework for School Improvement. Resnik was identified as two years unacceptable. The campus leadership team and District personnel prepared the turnaround plan utilizing information provided in the Effectives Schools Diagnostic, the Effective Schools Framework rubric, and community feedback. The plan includes specific intervention activities and efforts the campus and district will make to build systems and capacity to achieve and sustain the necessary improvement.

   McAuliffe was identified as overall rating of C and Targeted Support (LIFT grant), Kriewald was identified as overall rating of D and Targeted Support (LIFT grant), Bob Hope, Medio Creek and Hidden Cove were identified as overall rating of D and Targeted Support. After going through the Effective Schools Framework improvement process, the campuses must submit their TIP or LIP to the SWISD School Board. Campus leadership team and District personnel prepared the targeted improvement plan utilizing: data analysis, a self-assessment to determine the campus implementation of the state identified essential actions and/or low effectiveness of programs, the development of an improvement plan that address all areas not meeting the accountability targets, and establishing goals to be monitored for effectiveness. Teams worked through the continuous improvement process and developed their TIPS. This plan will be monitored by the DCSI and Executive Directors for effectiveness and implementation.

3. Fiscal Impact:
   None

4. Recommendation:
   That the Board approve the 2026-2027 Turnaround Plan for Judith A. Resnik Middle School, the Targeted Improvement Plans for Sharon Christa McAuliffe Middle School, and Kriewald Road School of the Arts, and the Local Improvement Plans for Bob Hope Elementary, Medio Creek Elementary and Hidden STEAM Academy as presented.

5. Required:
   Board Action
