Hi David,

Do you know for certain which students are in class right now — instead of in the hallway, bathroom, or who knows where?

If not, you can take back control with **Securly Pass**.

**Securly Pass** is an easy-to-implement digital hall pass system that lets you:

1. Gain greater visibility and control of student movement
2. Minimize risky behaviors like vaping, vandalism, and bullying
3. Locate students quickly in an emergency
4. Maximize in-class time and improve academic performance
5. Streamline and simplify hall pass management

Thousands of schools have already made the switch to **Securly Pass**. [Read this short article to learn why.](#)

Want to see for yourself how a digital hall pass can transform your school?
