Dear David,

Are you even a little curious if a digital hall pass system is right for your school?

Then don't miss out on this offer to try Securly Pass for 30 days at no cost.

With [Securly Pass](#), you can:

- Know what students are using hall passes at any given time
- Identify student location by building or room in an emergency
- Limit passes for those "frequent flyers" who are always out of class
- Stop student meetups and vaping
- Reduce hall pass misuse and maximize instructional time

See for yourself what a digital hall pass can do for you. Take advantage of this offer today by scheduling a quick call to get set up.

[\[Schedule a Demo Now\]](#)

Here when you need us,
Team Securly

P.S. Not convinced a digital hall pass system is worth checking out? [Learn more about them here.](#)
