💬 TRAIL TALK FROM PRINCIPAL CURTIS

Over the next couple of weeks, students will be participating in Practice STAAR testing as we begin preparing for the spring assessment season. These practice opportunities allow students to become familiar with the testing format, build confidence, and help our teachers identify areas where additional support and instruction may be needed.

We encourage families to help students put their best foot forward by getting plenty of rest, eating a good breakfast, arriving at school on time, and coming to school ready to learn. Most importantly, remind your student to take their time, do their best, and remember that growth is what matters!

Thank you for your continued partnership and support as we work together to help every Cougar succeed!

Go Cougars!
- Mr. Curtis

Achievement unlocked! We've been tracking how many books our students have checked out since we opened JRMS last year, and this week we passed 10,000! We're also on track so far this year to more than double the number of books checked out in all of last year.

All this month in the library we're celebrating Know-vember! We're highlighting non-fiction books and encouraging students to find a book that will teach them something new. The featured non-fiction books this week are all about animals- mammals, birds, reptiles, weird animals, baby animals, pets, anything about animals! We've even learned some interesting things, such as the fact that baby platypuses are called puggles. The more you read, the more you know!

A MESSAGE FROM OUR ATTENDANCE CLERK 📋

Howdy, Ranchers! 🤠

Student attendance is so important! Being at school every day helps students learn, spend time with their peers, build friendships, and grow a strong school culture that values education. Please don't forget to turn in your **parent notes or doctor's notes** as soon as possible so I can update your student's attendance records promptly.

Thank you for helping us make every school day count! 🐾

Every Day Counts! 💙🤍
