Gang Activity

Gangs which initiate, advocate or promote activities that threaten the safety or well-being of persons or property on district grounds or that disrupt the school environment are harmful to the educational process.

"Gang" is defined as a group that identified itself through the use of a name, appearance or language, including hand signs, the claiming of geographical territory or the espousing of a distinctive belief system the frequently results in criminal activity.

The district shall, after consulting with appropriate agencies and officials, develop a gang prevention or intervention program. The program will be coordinated with the district's drug and alcohol education program.
