Good afternoon,

One of the 6th grade teachers, Taylor Martin reached out to the PTA regarding an assembly for next year. This would be for all 3 schools.

Matt Wilhelm (<https://mattwilhelm.com/>) BMX assembly

The PTA did pass this at our last meeting to be built into next years budget, principals, Dr.Cohen and Dr. Johnson can you please confirm if this is something we can sponsor?

From Taylor Martin:

"I'm not sure what would be easiest at this point to coordinate the event between all three schools. Dr Rolinitis said that in the past they've bussed the other school here so that the performer can have all the items set up in one place. I think the next best steps would be to reach out to the principals from each building to see what day would work for all the schools."

Also, perhaps we can align a date with all three schools if all are interested?

Best regards,

Maire Faddah
