Dunlap Community Unit School District 323
Board of Education Meeting
November 18, 2026

ACTION ITEM

TO: Members of the Board of Education

FROM: Dr. Scott Dearman, *Superintendent*
Dr. Matt Andrews, *Assistant Superintendent*

SUBJECT: Elementary & Middle School Boundary Updates

PROPOSED ACTION:
That the Dunlap CUSD #323 Board of Education approve the Updated Elementary and Middle School Boundaries as presented, effective for the 2027-28 School Year:

Subdivision/Street	Current Building Assignments	Proposed Changes for 2027-28 School Year
Trail's Edge, Trail's Edge Villas, & Trail's Edge Condos	Hickory Grove Elementary School & Dunlap Middle School	Wilder-Waite Grade School & Dunlap Valley Middle School
Rollingbrook	Hickory Grove Elementary School & Dunlap Middle School	Wilder-Waite Grade School & Dunlap Valley Middle School
Brompton Court	Hickory Grove Elementary School & Dunlap Middle School	Wilder-Waite Grade School & Dunlap Valley Middle School

Additionally, the Administration recommends that the Board approve the following one-year grandfathering options to current fourth-grade HGES students and seventh-grade DMS students:

- *Current Fourth-Grade HGES Students*
    - Current fourth-grade HGES students have the option to finish their fifth-grade year at HGES. Siblings can also stay at HGES for the 2027-28 school year only and then will have to transition to Wilder-Waite Grade School. Parents must provide transportation.

- *Current Seventh-Grade DMS Students*
    - Current seventh-grade DMS students have the option to finish their eighth-grade year at DMS. Siblings can stay/enroll at DMS for the 2027-28 school year only and then will have to transition to Dunlap Valley Middle School.
        - Due to the close proximity of the middle school campuses, bus transportation can be provided for students choosing to remain at DMS for the 2027-28 school year.

BACKGROUND INFORMATION:
An overview presentation of the boundary update process was provided at the October 21, 2026 Board of Education Meeting (slide deck available **here**).

Please contact Scott or Matt with any questions.
