Good morning Dr. Cohen,

For my information,

1. Do we allow persons that are NOT parents to students currently enrolled in D159 to volunteer in school while school is in session (thereby interacting with students)?
2. Do we allow persons that are NOT parents to students currently enrolled in D159 to volunteer for extracurricular activities (thereby interacting with students).

If so, what security methods are in place for volunteers that are NOT parents of students currently enrolled in the district AND are receiving a stipend.

Kindly attach relevant documents for my reference and respond in writing at your convenience.

Thanks,
Kelli
