Good morning, Mr. Bush

I am fine with either of those days. So please just let me know what the group as a whole decides. As always I appreciate all that you do for our district and us as a board. Have a wonderful day!

Sincerely,

Mrs. Zielinski

Board - I have spoken with Mark. He is in the final stages of his investigation. We are looking to have a special closed session meeting next week on Wednesday or Thursday as a backup to discuss the drill from last Friday. Please let me know if you have any conflicts with those dates as we need to send out the meeting notice soon.

Regards,

Eric
