The school board meets this requirement (and others detailed in 120B.11), primarily through three actions.

1. The adoption of a long-term **Strategic Framework**. The board adopted its current framework in the spring of 2020.

2. The adoption of the **Annual Report** which analyzes progress toward the goals of the Strategic Framework in the prior school year. This will be presented to the board in detail at the November 23rd work session.

3. The adoption of an annual **Strategic Implementation Plan** including specific actions intended to continue advancing the goals of the Strategic Framework. This was presented to the board in detail at the October 26th work session and approved at the November 9th meeting.
