Hi All,

We're in our Team Meeting and Mike suggested the vision screening to occur on May 1st since it's a half day and Kinderbuddies is over. Thoughts?

Good afternoon. I know this is super short notice but Nurse Therese from MES needs to complete 8th grade vision testing before the end of the school year. I want to minimize any disruption to your classes. Is there someone who could recommend the best time during the day to conduct testing? Realistically, I would hope we could complete the entire class in 2 days, however I also have to work within Therese's availability. Thank you for any feedback!

Nurse Nancy
