I was going to choose [REDACTED] for choir. If Megan is between people for the actor award and it could go to someone other than [REDACTED] that would be good. We try not to have the same student receive multiple music awards if we can avoid it.

That is a great question. Let me reach out to Scott K to see what he thinks about the awards.

Regarding the musical, I think we should continue giving the awards. I will speak with Megan about it.

In the past the boosters have purchased the music awards we give out at graduation. Is that something the district would now purchase? If so, how do we go about doing that?

Also, none of the teachers in district are in charge of the musical this year. Will we still give the musical awards? The past several years there have been 2 of those - one for an actor and one for a crew member. Is that something we will continue?

If that is something you think the boosters should do, I would like to speak with you on how that should be handled.
