To: Michelle Reid <reidm@alpenacounty.org>

Alpena County Commissioners,

My name is Elle Bee and I own Canine Communication, a local dog training business. Michelle Reid reached out to me recently with the proposed idea of opening a new facility at the old county jail and shared her plans for the space. Not only did the idea excite me with the plans she has for the space, but also the potential for my business to be a part of this new facility. I am interested in using the space inside for my obedience dog training classes, I am currently offering on average 4-6 new classes a month. I am also interested if proper space is able to be designated to open a dog daycare in the facility, which is a service I get asked about almost daily from dog owners in the area. Both of these would be able to provide consistent income to the proposed facility. If you have any questions I can answer please don't hesitate to reach out. I look forward to the opportunity to work with Michelle in the new facility and to be a part of all the great services it will provide to the community.
