Leasing Program

If your purchase exceeds \$25,000, you may qualify for our leasing program allowing you more flexibility to spread out the cost of your Daktronics display over of a period up to five (5) years. Benefits of our leasing program include fixed rate financing, non-appropriation clause, no prepayment penalty, and customizable payment schedules. Plus, at the end of the lease, the equipment is yours to keep with no additional balloon payments.

Sample payment options as follows:

\$50,000 in total equipment cost = \$11,285 per year

\$100,000 in total equipment cost = \$22,568 per year

\$250,000 in total equipment cost = \$56,420 per year

Payments based on 5 year/annual payment in advance structure. **Leasing is subject to credit approval and agreed upon documentation with Daktronics lending partner. Contact your Daktronics representative for additional options and details.

Notes: Due to the current uncertainty regarding the status of tariffs, prices exclude tariffs imposed after May 29, 2025. In the event Daktronics' total cost for equipment, materials, or components required to perform the work increases due, directly or indirectly, to tariffs that are implemented after May 29, 2025, Daktronics reserves the right to an equitable adjustment to the purchase price.

Exclusions:

- | | |
|-----------------------------|--|
| - Power | - Hoist |
| - Engineering Certification | - Applicable Permits |
| - Taxes | - Electrical Switch Gear or Distribution Equipment |
| - Front End Equipment | |

Unless expressly stated otherwise in this Quote # 892774-1 Rev 1 or the attachments, if Daktronics performs installation of the Equipment, the price quoted does not include the following services pertaining to physical installations: digging of footings (including dirt removal), any materials fabrication, installation of steel cages, rebar, or bolt attachments, or pouring and finishing of concrete footings. Those service may be provided for an additional cost beyond the quoted price. Purchaser shall be fully responsible for any and all additional costs plus overhead in the event anything unexpected of any nature whatsoever is found while digging the footings including but are not limited to rock, water, utility lines, pipes or any other unforeseen circumstance. The Purchaser acknowledges and agrees that it is fully responsible for all site conditions.

Prices and charges are subject to change by Daktronics at any time before the final agreement between the parties is effective. Ship Date will be determined after customer purchase order is received or agreement is signed or otherwise effective, shop drawings are approved (if required) and down payment is received (if required).

Installation Responsibilities:

If applicable please reference Attachment A for Installation Responsibilities.

Ad/ID Copy Approval Process

Customer shall provide digital artwork for advertising and identification panels, conforming to [Daktronics' graphic file standards](#), at the time of order.

Daktronics will create a proof of provided artwork and require approval of that proof three weeks prior to the initial anticipated ship date. Advertising and identification panels not approved in time, will be shipped without copy in Daktronics' standard finish.

DAKTRONICS QUOTE # 892774-1-1 MAIN ATTACHMENT A

CUSTOMER RESPONSIBILITIES

General

- 1) Secure necessary sign permits, as required, for each respective Equipment location(s); video display, pressbox speakers
- 2) Secure necessary construction permits, as required, for each respective Equipment location(s); video display, pressbox speakers
- 3) Provide soil investigation report at time of order for each respective Equipment location(s); video display
- 4) Mark location of the new Equipment as delineated in the quote for each respective Equipment location(s); video display, pressbox speakers
- 5) All landscaping restoration, as required
- 6) Provide all landscaping, track, sidewalk and path protection along with site restoration, and/or sprinkler system repair work
- 7) Locate private underground utilities

Structures

- 1) Paint existing support structure(s) after existing Equipment has been removed for the following Equipment location(s); pressbox speakers

Electrical & Data

- 1) Provide primary power to the demarcation point (reference clarifications below) per all applicable electrical codes and regulations. Actual primary power requirements, with over current protection, shall be based on available site power and all associated loads for the new Equipment for each respective Equipment location; video display, pressbox speakers
- 2) Provide electrical panel board with all associated breakers per all applicable electrical codes and regulations. Actual primary power requirements, with over current protection, shall be based on associated loads for the new Equipment for each respective Equipment location; video display, pressbox speakers
- 3) Provide and install signal cable conduit, with a pull string, from control location to the demarcation point (reference clarifications below) per all applicable electrical codes and regulations for each respective Equipment location; video display, pressbox speakers

Product/Equipment

- 1) Required power outlets on clean dedicated circuit(s) for all control Equipment for each respective Equipment location(s); video display
- 2) Provide storage of all Equipment and control equipment in a safe, dry, and secure location until installation for each respective Equipment location(s); video display, pressbox speakers
- 3) Provide high speed internet connection to control room Equipment for each respective Equipment location(s); video display

DAKTRONICS RESPONSIBILITIES

General

- 1) Removal and disposal of existing Equipment for each of these Equipment location(s); video display
- 2) Removal and disposal of existing primary structure for each of these Equipment location(s); video display excludes foundation removal, primary structure will be removed to the top of the existing foundation

Structures

- 1) Excavation of foundation(s) including spoils removal. Placement and finishing of concrete for foundation(s). For this quotation, Daktronics basis for foundation type for each respective Equipment location is; drilled pier for video display, n/a for pressbox speakers

- 2) Steel fabrication and erection of structural column(s). Any Equipment location not specifically listed, either does not have structural column(s) or is not part of Daktronics project scope. The following Equipment location(s) are included in Daktronics quotation to fabricate and erect structural column(s); video display
- 3) Finish coating on structural steel provided in this quotation is paint for the following Equipment locations; video display

Electrical & Data

- 1) Provide secondary power conduits, conductors and power hook-up from demarcation point (reference clarifications below) to all Daktronics supplied load centers/termination panel at/within the Equipment per all applicable electrical codes and regulations for each respective Equipment location; video display, pressbox speakers
- 2) Provide and install signal cable conduit, with pull string, from the demarcation point (reference clarifications below) to each Equipment signal termination point per all applicable electrical codes and regulations for each respective Equipment location; video display, pressbox speakers
- 3) Labor to pull new signal cable for Daktronics provided Equipment (excluding camera locations) for each respective Equipment location; video display, pressbox speakers

Product/Equipment

- 1) Accept, lift, unload, and inspect all Equipment from carrier for each respective Equipment location(s); video display, pressbox speakers
- 2) Lift and mount Equipment listed in this quotation for each respective Equipment location(s); video display, pressbox speakers

QUALIFICATIONS/CLARIFICATIONS

- 1) **Foundations:** For this quotation Daktronics basis for new foundation design is a class 4 soil with a minimum allowable lateral bearing pressure of 150 psf/ft per Chapter 18 of the International Building Code (IBC). The foundation excavation is based on the excavated area remaining open without collapsing to allow the placement of applicable reinforcement and/or structural columns and concrete. This quotation does not include casings, slurry, dewatering or any other soil stabilization. In the event rock, water, differing soil conditions other than class 4 soil per Chapter 18 of the International Building Code (IBC) or unforeseen conditions are encountered, the Customer will be responsible for any additional costs, plus overhead and profit of 20%.
- 2) **Electrical:** The maximum voltage is 120 volts line to neutral for all Equipment in this quotation for each respective Equipment location(s); video display, pressbox speakers
- 3) **Electrical Demarcation:** For all Equipment locations is five (5) feet off grade on structure
- 4) **Signal Demarcation:** For all Equipment locations is five (5) feet off grade on structure
- 5) **Control Room Climate:** Normal operating temperature should be between 40° to 90° Fahrenheit (4° to 32° Celsius). Normal operating humidity should be less than 80% non-condensing. Storage temperature should be between -10° to 105° Fahrenheit (-23° to 41° Celsius). Storage humidity should be less than 95% non-condensing. Keep computers and monitors out of direct sunlight during storage. Allow control equipment taken out of storage to return to operating temperature range prior to turning it on (24 hours recommended) for each respective Equipment location(s); video display
- 6) **Access:** Daktronics requires unobstructed access to Equipment and control room installation site until display is 100%. Installation equipment (cranes, lifts, trucks, concrete trucks, etc.) are expected to have access directly to the scoreboard/structure location. No concrete pumping, concrete buggies, or crane picks over 10' distance from scoreboard structure are included
- 7) **Existing Conduit:** Costs to repair or replace damaged or obstructed conduit have not been included in this quote
- 8) **Damages and Wages:** Liquidated damages, prevailing wages, certified payroll or union labor have not been included in the installation pricing
- 9) **Exterior Equipment:** The bottom of the Equipment will be placed at an elevation of ten (10) feet above grade

- 10) Building Penetrations:** Customer to provide all required building (wall/roof) penetrations for the installation of Daktronics provided wireless/radio components (external antennas, remote wireless access points, etc.) at the control location. Mount Daktronics provided wireless/radio components to the building in accordance with manufacturers recommendations. Building penetration location shall provide clear line-of-sight to the Equipment. Provide all conduit, with pull string, from control location equipment to the building penetration location
- 11) Speaker Location:** SS-200 speakers are expected to be installed on pressbox or customer provided structure. There has been no stand alone structure included in this installation pricing.
