

Denton ISD Welcomes

The **BHS** / **DHS** / **FMHS** /
GHS / **RHS**

Class of 2027

For many young children, the first days of school – though often much anticipated and talked about with loving parents and family members – can become scary and overwhelming. There are so many other children! Where will I eat lunch? When do I play outside? What if I have to go to the bathroom? What if I can't remember where my room is? How will I get home? What if my mom forgets me? So many questions and concerns! Caring teachers and administrators work very hard to overcome these many fears, but the reality of the first few days of school doesn't always allow for these fears to be carefully attended to in the manner that educators desire. And those are just the questions and concerns of the children – what about their parents? In a quest to find a “better way” and to remain true to our commitment to putting the needs of children and families first, DISD elementary campuses have continued to adapt programming to provide opportunities **in advance of the beginning of school** to build a comfort level with school for both children and their parents.

For the past three springs, DISD elementary campuses have welcomed students who will be enrolling as kindergartners the following school year to visit their “new school”. Each campus plans and provides at least one opportunity for incoming kindergartners to have a “school-like” experience at the school. Many campuses offer several opportunities. Attached to this document is a listing of the activities planned for Spring 2015 in Denton ISD. Additionally, some select samples of flyers and other promotional documents are included – though not provided for every campus, the selections are representative of those across the district. In order to meet the needs of families across the district, flyers and other publicity is provided in both English and Spanish when distributed.

In addition to the “student-centered” activities planned by individual campus staffs, each campus also hosts two parent orientation meetings. The daytime parent orientation will be held at every DISD elementary campus on Thursday, May 7 from 8:30 – 9:30 a.m. Each campus also schedules a repeat of this session during evening hours, often in conjunction with a PTA meeting or other campus planned activity. This session is designed for campus staff to offer an overview to parents, providing them with guidelines and campus specific information, to offer “getting to know you” activities for the parents, and to start building a relationship with new families.

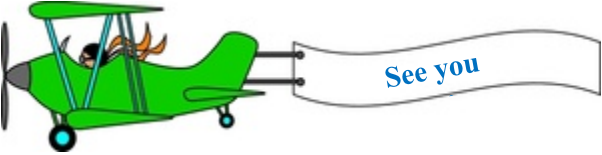

The following pages include a summary of activities planned for incoming students at each elementary campus, as well as some examples of the publicity utilized to invite families to begin their school journey in partnership with the campus staff. Enjoy!

KINDER FLIGHT SCHOOL
