

Review and Discuss Proposal for Access Control Project

A request for proposals for the Access Control Project was sent to nine vendors and was advertised in the local newspaper. One response was received. The proposal is available for Board review, if desired.

Staff recommends that the Board of Regents award the contract for this project to the sole bidder, Stanley Security Solutions, 4616 West Howard Lane, Suite 110, Austin, Texas 78728 in the amount of \$206,640. The sources of funding for this project would be the Education and General Fund and the Capital Projects Fund budgets.

Following discussion, the Facilities Committee will determine a recommendation to the Board of Regents on the award of the contract for this project.
