Tentative Budget

Bloomingdale School District 13

September 12, 2022

Introduction

This document has been produced for the purpose of assisting the Board of Education and the Administration in understanding the budget of Bloomingdale School District 13 for the Fiscal Year 2022-2023. The document is organized to help you gain insight into the District's Budget. The Budget provides a written summary of the priorities for Bloomingdale School District 13 for the upcoming year.

The document begins ***Prior Year Budget vs. Actual*** from last fiscal year (2021-2022) performances. This section contains two charts; accumulated expenditures vs. budget by month and accumulated revenues vs. budget by month.

The next section is the ***Budget Overview*** of the District's financial operations. This section contains budget highlights, charts, and a summary of the District's fund balances.

The third section is the ***Funds Summary*** reports. This section provides information about the various funds of Bloomingdale School District 13. Each fund summarizes the tentative revenues and expenditures and, in a narrative format, describes each fund's purpose.

The last section is the ***ISBE State Budget***, which is the legal budget document that all school Districts are required to complete. The legal budget is filed with the State of Illinois and the DuPage County Tax Extension Office. It is also required by law to be posted on the District's website and to otherwise be made available to the general public.

Budget Overview And Key Assumptions

Budget Overview

Bloomingdale School District 13 will have a balanced budget for the 2022-23 fiscal year. For over 20 years, local tax revenue in school Districts in DuPage County have been restricted by property tax caps. The largest threat to the District's solvency is the uncertainty of state funding, a possible shift in pension costs, and potential property tax freeze. These threats could increase expenditures and reduce revenues, which would force the District to fund these obligations from its fund balances.

Bloomingdale School District 13 is conscious of the current economic climate and the financial conditions. These obstacles can be challenging in achieving long-term financial stability for the District while focusing on resources for students. As we examine current educational research and understand how students of today learn, we know that we must plan accordingly.

In order to plan for the students and develop programs that are best for them, the administrative team is focusing on a plan that will ensure students have the rigor, readiness, and skills to prepare them for their future. Together, the District has explored the timeline for when program improvements must be implemented. This includes, but is not limited to, curriculum resources, adopting a process to examine technology use as aligned to teaching and learning, creating an environment for 21st century learning, and examining current structures in order to operate the District efficiently. The draft ideas enable us to begin charting a course in funding to align with our improvement plans over the next five years.

Budget Highlights and Key Assumptions

Expenditures:

- ◆ Salaries are budgeted based on contracted and negotiated agreements for existing staff. The District is pleased to have a positive relationship with the Bloomingdale Council of Teachers which allowed for a 3 year agreement taking the District through June 2025. The collective bargaining agreement has an average of 4.2% increase for teacher's salaries. The budget assumes a 4.5% increase in overall salaries.
- ◆ Pursuant to Public Act 101-0001 the District will be implementing a \$15.00 per hour minimum wage for the 2022-23 school year, an acceleration from the 2025 Public Act deadline. This acceleration was based upon the challenge of hiring paraprofessionals.
- ◆ The budget assumes an overall 4.5% increase to the District's health insurance plans (HMO, PPO and dental). Health insurance is the District's largest benefit expense.
- ◆ There are several building maintenance projects to be completed during the fiscal year at each of our buildings. These include new flooring, parking lot repairs, and HVAC equipment replacement. Approximately \$514,360 has been dedicated for improving the facilities.
- ◆ This year, the Technology Department is expanding the network capacity and upgrading much of the infrastructure based on recommendations from last year's technology assessments. Support of 1:1 teaching and learning with Chromebooks for students and staff will be maintained based on the annual hardware refresh schedule. New areas of focus for the Technology Department will include opportunities for student agencies and increased cybersecurity training and practices for staff.
- ◆ Special Education services will be increased from prior years. Additional expenditures include contracted services to support our staff and students. The District's costs for students attending alternative programs will also see an increase in 2022-23.
- ◆ Teaching and Learning has been diligent with the budget as various prices of software, equipment, professional development and other items have seen large increases. Teaching and Learning will continue to be critical and closely monitor purchases while not sacrificing the resources needed to continue to provide high quality education to our students.

Revenues- To establish revenue budgets, the District relies on historical activity as well as the ongoing monitoring of legislative activities.

- ◆ *Property Tax*: Assumptions are based on estimates developed as part of the levy adoption process. This year, the budget will assume a 98% collection rate. Because the levy is based on a calendar year and our budget is on a fiscal year, the budget requires us to consider a portion of two levy years (2021 and 2022). A portion of this budget will be developed from the 2021 levy and a CPI of 1.4%. For the 2022 levy, this budget will use 5.0% CPI as the District is capped due to Property Tax Extension Limitation Law (PTELL).
- ◆ *Corporate Personal Property Replacement Tax (CPPRT)*: Revenues collected by the State of Illinois are paid to local governments to replace money that was lost by local governments when their powers to impose personal property taxes on corporations, partnerships, and other business entities were taken away. Our budget assumption is based on estimates provided by the Illinois Department of Revenue (IDOR). The current assumption is that CPPRT will increase by 7.5%.
- ◆ Interest revenue is projected to increase from the prior year. This is a result of the impact of the Federal reserve increasing rates coming out of COVID-19 which positively impacts the investment market. When the opportunity exists, the District will continue to leverage its fund balances to maximize its investment income. A couple of strategies used to increase its interest income will be 1). take advantage of the yield curve by extending the length of its investments and 2). utilize FDIC's \$250,000 insurance level.
- ◆ Only 12% of the District revenues are generated from state and federal sources. In addition, there has been accounting for \$623,638 of federal ESSER III (Elementary and Secondary School Emergency Relief Fund) monies. Of those funds, \$340,640 will go to Dujardin HVAC replacement, \$170,000 will go towards chromebooks and infrastructure upgrades and the remaining \$112,998 will go towards resources to support learning loss. It is important to note, this will be the last year of the federal monies due to COVID-19. The District is projected to receive \$467,407 in the form of federal grant funds (Title and IDEA) and \$50,000 in a School Maintenance Grant.

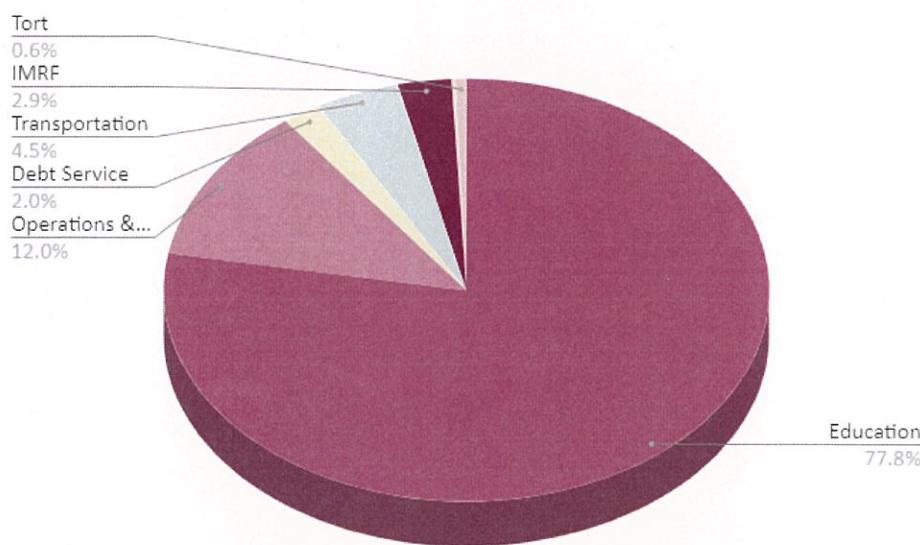

Other Highlights-

- ◆ In September 2022, the Board of Education is expected to adopt a budget that comprises \$22,011,244 in revenues and \$21,972,900 in expenditures.
- ◆ The District has received the Certificate of Excellence in financial reporting for the fiscal year 2021, from the International Association of School Business Officials (ASBO) and we are anticipating recognition from the Government Finance Officers Association (GFOA).
- ◆ This year's budget again will reflect a modified accrual basis of accounting. Accrual accounting is generally regarded as the superior method of accounting since it gives a more accurate assessment of the District's financial position.
- ◆ For the past 16 years, the District has received a Financial Profile score of 4.00 from the Illinois State Board of Education and is expected to receive the same score this year. This score places the District in the highest category for financial strength, labeled "Financial Recognition."

Expenditures – By Fund and Object

Expenditures by Fund

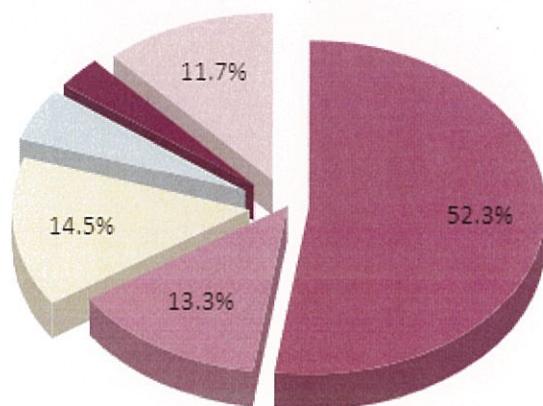

The Bloomingdale 13 Budget is divided into eight categories, which are called funds. Each fund is established for a specific purpose or function. Schools can expend only the money available in each fund. Unless prescribed by law, money received in one fund cannot be used for expenses in another fund. The Education Fund is the District's largest fund. It contains 78% of all expenditures, which equates to approximately \$17,089,613. The next largest fund is the Operation and Maintenance Fund, and then the Transportation Fund.

Expenditures by Object

When expenditures are considered by type, rather than fund, they are called objects. The largest object expenditure is salary and benefits which contains 65% of all expenditures, approximately \$14,313,069.

Revenues - By Sources

District Revenue Distribution

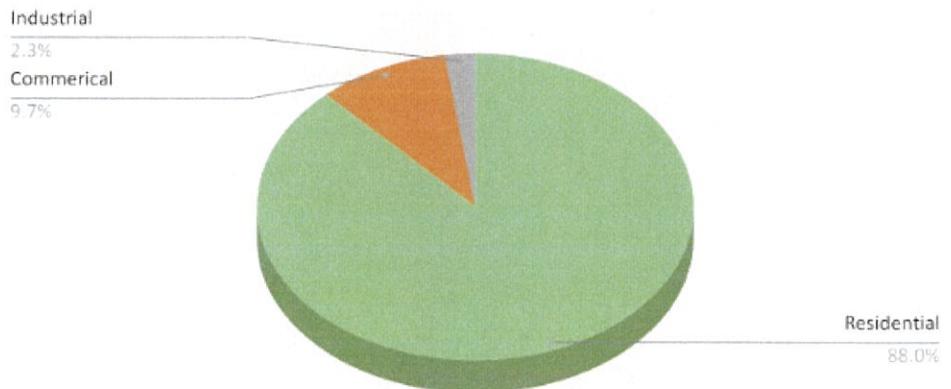

Bloomingdale District 13's primary source of revenue is from property taxes. Over 85% of the District's revenue is generated from this source, as the chart (right) illustrates.

● Property Tax ● Other Local ● State ● Federal

Property Tax Base

Bloomingdale School District 13 has the good fortune of a strong property tax base. The Equalized Assessed Valuation for the District indicates that there is a strong reliance on residential property, as the chart (right) illustrates.

Debt Service Fund

The Debt Service Fund allocates revenue and expenditures to handle the District's debt. The debt is usually in the form of principal and interest payments for prior bond issuances. The bonds are in the form of working cash, life safety, capital improvement, or building bonds. The District also pays its capital lease for the copiers from this fund.

Transportation Fund

The Transportation Fund supports the student transportation program. Revenue from the fund is received via property taxes and general state aid for transportation. Over the years, the transportation state funding ratio has decreased. The decrease is a direct result of the Governor in 2012 vetoing the line item to return funding back to the prior year amounts. As a result of this action, transportation funding has never recovered to past levels and has seen over a 40% reduction.

Services: This mainly consists of our outside bus service. This line item has included an 8% contract increase.

Retirement Fund

The Retirement Fund for Bloomingdale School District 13 consists of the Illinois Municipal Retirement and F.I.C.A./Medicare.

Illinois Municipal Retirement

This fund supports the pension program for the non-certified employees. The District is required to contribute to this program if an employee works over 600 hours per year. Each year the contribution rate is set based on experience. It is funded only via tax levy and also a percentage set by law of Corporate Personal Property Replacement Taxes.

F.I.C.A. and Medicare

The District has to pay a Social Security rate of 6.2% for non-certified salaries from this fund. The District, for the most part, pays a Medicare rate of 1.45% for both certified and non-certified staff.

Benefits: Are the largest line item in this fund. The assumption for this fund is to use an employer IMRF rate of 14.02%. All other benefits will increase proportionally to their respective salary associated accounts.

Working Cash Fund

The Working Cash Fund can be used for internal borrowing. Internal borrowing usually occurs because of late property tax collections and/or low fund balances. It is also permissible to abate or permanently transfer funds from the Working Cash Fund to the fund most in need. The District can use this fund for cash flow purposes. This fund can act like the District's "savings" account.

Tort Immunity Fund

The Tort Immunity Fund supports all risk management activities in District 13. The only expenditures are premiums for the commercial insurance package and workers' compensation.

Services: This line item is made up of our commercial and workers' compensation insurance premiums.

1. The budget assumes that there will be a 2% decrease in worker compensation premiums.
2. The budget assumes that there will be a 9% increase in property and casualty premiums

7	Balanced budget; no Deficit Reduction Plan is required.					
8	A deficit reduction plan is required if the local board of education adopts (or amends) the 2022-2023 school/district budget in which the "operating funds" listed above result in direct revenues (line 9, BudgetSum 2-4) being less than direct expenditures (line 19, BudgetSum 2-4) by an amount equal to or greater than one-third (1/3) of the ending fund balance (line 81, BudgetSum 2-4).					
9	Note: The balance is determined using only the four funds listed above. That is, if the estimated ending fund balance is less than three times the deficit spending, the district must adopt and file with ISBE a deficit reduction plan to balance the shortfall within three years.					
10	Per School Code (105 ILCS 5/17.1) - If the Deficit AFR Summary Information tab from the 2021-2022 Annual Financial Report (AFR) reflects a deficit as defined above, then the school district shall adopt and submit a deficit reduction plan (found here on page 23-27) to ISBE within 30 days after acceptance of the AFR.					
11	The deficit reduction plan, if required, is developed using ISBE guidelines and format.

Deficit Reduction Plan-Background/Assumptions (School Districts Only)
Fiscal Year 2022-2023
through Fiscal Year 2025-2026

Bloomingdale SD 13 19022013002

Please complete the following schedule and include a brief description to identify any areas of the budget that will be impacted from one year to the next. If the deficit reduction plan relies upon new local revenues, identify contingencies for further budget reductions which will be enacted in the event those new revenues are not available.

1. Background and Narrative of Budget Reductions:

2. Assumptions Used in the Deficit Reduction Plan:

- EBF and Estimated New Tier Funding:

- Equal Assessed Valuation and Tax Rates:

- Employee Salaries and Benefits:

- Short- and Long-Term Borrowing:

- Educational Impact:

- Other Assumptions:

- Has the district considered shared services or outsourcing (Ex: Transportation, Insurance)? If yes, please explain:

ESTIMATED LIMITATION OF ADMINISTRATIVE COSTS (School Districts Only)**(For Local Use Only)*****This is an estimated Limitation of Administrative Costs Worksheet only and will not be accepted for Official Submission of the Limitation of Administrative Costs Worksheet.***

The worksheet is intended for use during the budgeting process to estimate the district's percent increase of FY2023 information is copied to this page. Insert the prior year estimated actual expenditures to compute the estimated percentage increase (decrease).

The official Limitation of Administrative Costs Worksheet is attached to the end of the Annual Financial Report (ISBE Form 50-35) and may be submitted in conjunction with that report.

An official Limitation of Administrative Costs Worksheet can also be found on the ISBE website at:

REPORTING OF PUBLIC VENDOR CONTRACTS OF \$1,000 OR MORE (School Districts Only)

In accordance with the School Code, Section 10-20.21, all school districts are required to file a report listing 'Vendor contracts' as an attachment to their budget. In this context, the term "vendor contracts" refers to "all contracts and agreements that pertain to goods and services that were intended to generate additional revenue and other remunerations for the school district in excess of \$1,000, including without limitation vending machine contracts, sports and other attire, class rings, and photographic services. The report is to list information regarding such contracts for the fiscal year immediately preceding the fiscal year of the budget. All such contracts executed on or after July 1, 2007 must be approved by the school board.

See: School Code, Section 10-20.21 - Contracts

If more rows are required, select a cell above where you'd like additional rows. Then click "Add Rows" button to the right and enter number of desired rows. Rows will generate beneath the selected cell.
