

An excellent education for every student every day.

## System for School Success Overview

Alaska's education accountability system, System for School Success, includes each student group individually, creating a holistic vision of a school through two lenses: the performance of all students and that of their student group populations.

## The Compass A Guide to Alaska's Public Schools

Alaska recently launched **The Compass**, a website designed to help parents access important data about public schools in Alaska. The Compass features a wealth of meaningful information on schools and districts so that parents and guardians can participate in decisions to improve their student's learning.

## How is my school designated for support?

Each year an overall school index value is calculated for each school and a school designation is assigned. There are three school designations for Alaska's schools:

- **Comprehensive Support**
  - **Lowest 5%** - If the overall school index value of a school falls in the lowest 5% of Title I schools, that school receives a designation of Comprehensive Support (Lowest 5%).
  - **Graduation Rate** - If a secondary school has a graduation rate of less than or equal 66.67%, that school receives a designation of Comprehensive Support (Graduation Rate).
  - **Targeted Support (CSI-TSI)** - Schools that are ATSI for the same group three years in a row.
- **Additional Targeted Support (ATSI)** - If a school has any student groups with index values under the Comprehensive Support (lowest 5%) threshold, that school receives this designation .
- **Targeted Support (TSI)** - Schools that have any student groups with index values under the lowest 10% threshold
- **Universal Support** - All other schools are considered Universal Support schools.

## Measures Combine into Index Score

Each indicator noted in the table to the left is given a score for the school.

In addition to looking at the whole school, each student group in a school is measured in the areas listed in the table to the left. These scores are combined and the student group is given a score.
