Re: High School Principal Report December 2019

Decemburrr is here! We are down to the final three weeks of the semester. This month our staff will be trained on the ISAT block assessments. In order to best prepare our students for the ISAT assessment given in the spring we feel giving students the opportunity to familiarize themselves with the assessment through these shorter (30-40 min) block assessments is in their best interest. It also allows our staff to identify areas we can work on as a school in addressing the needs of our student body as a whole.

The PBIS theme of the month for December is “Stay Positive” as we encourage students to stay focused on the goal and push to do their best work. Our hope, as it has been each month, is to continue to build up our school culture as we work with students in character building and becoming well rounded productive citizens. The academic skills along with the life skills we address on a daily basis are what we feel will help our students in reaching their dreams.

Thank you for your continued support of Homedale High School!
