RE: *Local* At-Risk Criteria

Isela DeLeon
*Administrative
Assistant*

I am requesting consideration of an additional *local* criteria to identify students At-Risk. The Texas Educational Agency has 13 criteria and allows local school districts to adopt by board of trustees' approval *local* criteria to identify and serve additional students.

Sarah Chauvin
SPED Director

Currently Alvin Independent School District has one local criteria, which is attendance at RISE Academy.

Paula Camacho
*EL Director &
Cultural Services*

The proposed criteria:

A student who is a struggling learner and/or is Unengaged/Disengaged as identified by a designated campus committee.

Ana Pasarella
*Parent and Family
Engagement
Director*

The rationale for this proposal is to provide additional support and interventions to these *locally* identified students using State Compensatory Education funds. The disruption of instructional time and/or remote learning has led to struggling students who do not otherwise meet state criteria.
