WEST BONNER HOME LEARNING NETWORK

Imagine a learning experience where you, the parent, have the power and freedom to shape your child's education, while being supported every step of the way by experienced, credentialed teachers and a community of like-minded families.

Welcome to West Bonner Home Learning Network. The District's first, *District-Supported Homeschool Program*—where flexibility meets enrichment, and every family's learning journey is uniquely supported.

WHAT MAKES OUR PROGRAM SPECIAL

Parent-Led Curriculum Choices

YOU choose what your child learns and how they learn it. Whether you're passionate about project-based learning, classical education, faith-based or a mix of everything—you decide the path that's right for your child.

Credentialed Teacher Support

You're never alone. Our dedicated teachers provide guidance, resources, and regular check-ins to help you stay on track, offer support, and ensure your child's success.

Enrichment Opportunities

Join us for hands-on STEAM workshops, engaging field trips, library visits, and collaborative learning experiences that bring education to life and connect families across the district.

Community & Connection

Build lasting friendships with other homeschool families through events, workshops, and shared experiences. You'll be part of a supportive, welcoming network that values creativity, curiosity, and connection.

Financial Support

Opportunities for up to \$1700, per student, in reimbursement for curriculum, activities, technology, and other homeschooling resources.
