

# AGENDA ITEM

---

**Subject:** Review and consider (LOCAL) policies CKC, DH and FFAC.

**Rationale:** Attached is policy CKC (LOCAL) in regard to Emergency Operation Plans. This policy has been nicknamed the Guardian Plan because it allows school employees to carry handguns on school property with Board approval only. If an employee is approved, he/she would have to undergo regular extensive training and assessment in order to carry. Authorization can be revoked by the Superintendent for any reason or at any time. DH (LOCAL) revises the policy to add that the possession of a firearm on school property is permissible only through Board action. Policy FFAC (LOCAL) is in regards to unassigned epinephrine auto-injectors (epi pens). This gives authority to trained individuals to administer the medication if they believe a person is experiencing anaphylaxis on school property.

**Recommendation:** Approve CKC, DH & FFAC (LOCAL) policies as recommended by TASB Policy Service.
