IMESD District Board Talking Points June 2016

The end of the 15-16 school year is fast approaching.
Congratulations to the Class of 2016!

Regional Security Initiative It seems early to start thinking of next year. However, plans are underway for our regional security initiative. On Thursday, August 4, district teams will participate in a training facilitated by officials from law enforcement. Over the past several months, Pendleton Police Chief Stuart Roberts worked with local police and sheriff departments in the tri-county area to align best practices in school security. The goal is develop common vocabulary and procedures for the region.

Enjoy your summer!
