Bus Rider Safety & Discipline Rules

2009-2010

Dear Parents and Guardians,

The Coppel Independent School District is committed to providing each student with a quality educational program. This goal can only be achieved in a cooperative school climate free from disruptions which hinder and interfere with the educational process. The rights of students, teachers, parents, and administrators are to be valued and protected under the federal and state laws. Coppel Independent School District will strive to achieve a working balance between rights and responsibilities which foster a positive school climate where there is mutual respect and an opportunity for students to develop to their fullest potential

Another commitment Coppel Independent School District has is to do everything in our power to keep students safe by creating a drug free campus environment. We want you to know that we will pursue the strongest penalty possible, under the guidelines of our Student Code of Conduct, for students who choose to bring drugs to school. Students who violate the CISD Student Code of Conduct by selling, giving, delivering to another person, possessing, using, being under the influence of marijuana, a controlled substance, a dangerous drug, or alcohol at school, within 300 feet, or at a school event may be expelled. Students who are expelled will not be eligible for the Coppel Compass Academy (Disciplinary Alternative Program). Currently, any student who is expelled for violating this section of the Student Code of Conduct will be transferred to the Dallas County Juvenile Justice Alternative Education Program. **In assigning a student to the Dallas County JJAEP, the District will consider assigning a term that is not less than 90 good days, and terminating at the conclusion of a six-week grading period.** While at first glance this may appear to be a harsh alternative, we are committed to maintaining drug-free schools for our students.

Coppel Independent School District is fortunate to be in a community filled with parents that care about their schools, community and most importantly about their children. As a District we look forward to working with you for the good of your child.

If you have any questions about the policies within the handbook please contact your school administration.

Best wishes for a successful school year,
Your CISD Board of Trustees and Administrative Staff

COPPELL INDEPENDENT SCHOOL DISTRICT 2009-2010 STUDENT CODE OF CONDUCT

I. General Overview

- **Purpose**

The Coppell Independent School District is committed to providing each student with a quality educational program. This goal can only be achieved in a cooperative school climate free from disruptions which hinder and interfere with the educational process. The rights of students, teachers, parents, and administrators are to be valued and protected under federal and state laws. Coppell Independent School District will strive to achieve a working balance between rights and responsibilities which foster a positive school climate where there is mutual respect and an opportunity for students to develop and excel.

The Board of Trustees adopted this Student Code of Conduct in accordance with Chapter 37 of the Texas Education Code to promote a safe, secure, and optimal learning environment for all students. The Student Code of Conduct provides information and direction to students and parents regarding:

- The District-wide discipline management plan,
- A description of standards of behavior, prohibited conduct and consequences of misconduct,
- The disciplinary options and methods for preventing and addressing student misconduct, and
- The process the district will follow when administering disciplinary consequences.

Once the Student Code of Conduct is promulgated and adopted by the Board of Trustees, any change or amendment must be approved by the Board of Trustees. The Student Code of Conduct has the force of Board Policy. In case of a conflict between the Student Code of Conduct and any provisions of the campus student handbook, the Student Code of Conduct shall prevail.

- **Anti-Discrimination**

The District does not discriminate against students on the basis of race, sex, national origin, disability, religion, color, or ethnicity when enforcing the provisions of the Student Code of Conduct.

- **Discipline of Students with Special Needs**

Students eligible for services under the Individuals with Disabilities Education Act (IDEA) or Section 504 of the Rehabilitation Act of 1973 are subject to

discipline in accordance with those laws. For more information about those specific procedures, please contact the Executive Director of Intervention Services.

- **Additional Rules**

Students may be subject to campus, classroom, extracurricular, and/or organization rules in addition to those found in the Student Code of Conduct. Students may face consequences under these additional rules as well as possible disciplinary action under the Student Code of Conduct. Further, to the extent a student engages in misconduct that is not specifically addressed or listed in the Student Code of Conduct, the student may still be disciplined if the misconduct disrupts or interferes with the educational process, learning environment, or school safety.

- **Notice of Disciplinary Action**

Teachers and administrators strive to notify parents/guardians of student conduct concerns as they occur. The campus administrator will contact the parent/guardian by phone or in writing within three school days of becoming aware of misconduct that may result in out-of-school suspension, DAEP placement, or expulsion from school. Failure to send any notice within this time period or as noted elsewhere in the Student Code of Conduct does not preclude imposing a discipline consequence.

- **Discipline Appeals**

Appeals of disciplinary measures should be directed to the student's teacher or campus administrator, as described in local District policy FNG. Depending on the disciplinary consequence assigned, different complaint procedures may apply. A copy of the appropriate policy is available at the campus or central administration office or online at <http://www.tasb.org/policy/pol/private/057922>. Timelines for filing appeals stated in the policy will be enforced. Disciplinary consequences will not be delayed or deferred pending the outcome of an appeal.

- **Effect of Student Withdrawal**

Withdrawal from school after a student has been accused of a violation of the Student Code of Conduct will not prevent the District from investigating the alleged violation, and if it is determined that a violation did occur, assessing the appropriate disciplinary consequence and enforcing that consequence should the student re-enroll in the District.

II. Scope of the District's Disciplinary Authority

- **General Authority**

In addition to the disciplinary authority established for certain types of offenses as described within the Student Code of Conduct and Chapter 37 of the Texas Education Code, the District has general disciplinary authority and jurisdiction over a student at the following times:

- At any time during the school day
- While traveling to and from school or school activities on District transportation
- While attending any school-sponsored or school-related activity, regardless of time or location
- As provided in extracurricular or organization handbooks, by-laws, or constitutions
- During lunch periods, including those in which a student leaves the campus
- While on school property
- For any school-related misconduct, regardless of time or location
- Other off campus conduct as permitted by Chapter 37 of the Texas Education Code
- For certain offenses committed within 300 feet of school property as measured from any point on the school's real property boundary line

- **Searches**

A student's clothing, personal property, method of transportation, or school property used by the student (such as lockers or desks) may be searched when there is reasonable cause to believe the search will reveal articles or materials prohibited by the District. Students are responsible for ensuring that any personal property, method of transportation, or school property used by the student does not contain prohibited items. In addition, all electronic equipment brought on campus (such as cell phones, Ipods, personal computers, etc.) by students are subject to search in the event school administrators believe reasonable suspicion exists to support the search. Students may be disciplined for possession of prohibited items discovered during a search. For more information about searches, please review the District's local policy FNF.

- **Student Transfers**

The District may terminate the transfer of a student for violating the Student Code of Conduct.

- **Criminal Conduct**

School administrators will report crimes as required by law and will contact local law enforcement regarding suspected criminal activity committed while under the school's jurisdiction. Certain acts of misconduct may constitute criminal offenses in addition to violations of the Student Code of Conduct. Because school discipline is independent of criminal proceedings, disciplinary consequences may not be postponed pending the outcome of any criminal proceeding or affected by the outcome of any criminal proceeding.

- **Gang-Free Zones**

As required by Texas Education Code §37.110, the District provides the following information related to gang-free zones and the consequences of engaging in organized criminal activity within those zones. Chapter 71 of the Texas Penal Code imposes various criminal and civil consequences for certain gang-related and other criminal offenses, including engaging in organized criminal activity in a gang-free zone, which includes areas surrounding school property and school buses (see definitions). In addition to the criminal punishments that may be imposed for offenses performed on or within a gang-free zone, a criminal street gang or member of a criminal street gang can be held liable to the state or a governmental entity, including a school district for actual damages, civil penalties, court costs, and attorney's fees, with the property of the criminal street gang or member seized in execution on such judgment, as provided by Texas Civil Practice and Remedies Code § 125.070.

III. Discipline Considerations & Techniques

- **Discipline Considerations**

Using their professional judgment, District employees **will** consider a variety of factors when administering disciplinary consequences and determining the duration of the consequence, including but not limited to:

- the degree of severity
- the potential effect of the misconduct on the school environment
- the age and grade level of the student
- the student's attitude
- Self-defense. Depending upon all of the relevant circumstances, a student who acts in self-defense may still be subjected to an appropriate disciplinary consequence.
- the student's disciplinary history
- a disability that substantially impairs the student's capacity to appreciate the wrongfulness of the student's conduct to the extent required by the state and federal law

- the frequency of the misconduct
- legal requirements

For disciplinary decisions concerning suspension, removal to a disciplinary alternative education program, expulsion, or placement in a juvenile justice alternative education program, District employees will not consider intent or lack of intent at the time of the misconduct, except as otherwise required by law.

- **Discipline Management Techniques**

Discipline is designed to correct student behavior and encourage students to comply with school rules. The District may use any one or a combination of the following strategies or techniques to manage student behavior, prevent or intervene in discipline problems, or address violations of the Student Code of Conduct or campus or classroom rules:

- **Procedures for Teacher Removal**

No later than three school days after a teacher has formally removed a student from class, an administrator will schedule a conference with the administrator, the student's parent/guardian, the student, and the teacher. After the conference, the administrator will render a discipline decision and inform the student and parent/guardian of the consequences.

An administrator may order an emergency DAEP placement if the student has been so unruly, disruptive, or abusive that it seriously interferes with the teacher's ability to teach the class, the learning of other students, or the operation of a school-related or a school-sponsored activity. The reason for emergency placement must also be a reason for which DAEP placement could be ordered on a non-emergency basis. At the time of the emergency placement, the student will be told the reason for the action.

No later than the tenth day after the date of emergency DAEP placement, the student will be given a conference as required for regular placement in DAEP; see below.

- **Procedure for DAEP Placement**

Conference. No later than three school days after the student is removed from class, the administrator will schedule a conference with the administrator, the student's parent/guardian, and the student. The District may conduct the conference and make a discipline decision regardless of whether the student or the student's parent/guardian attends if the District made reasonable attempts to have them attend.

At the conference, the administrator will explain the allegations against the student, inform the student of the basis for the proposed DAEP placement, and give the student an opportunity to explain his or her version of the incident.

If during the term of DAEP placement the student engages in additional misconduct, additional conference may be conducted and additional discipline may be imposed.

Interim Placement. Until a placement conference can be held, the student may be placed in another appropriate classroom, in-school suspension, or out-of-school suspension. The student may not be returned to the regular class room pending placement conference.

DAEP Placement Order. If the outcome of the conference is to place the student in DAEP, the administrator will issue a DAEP placement order. If the length of placement differs from the guidelines included in the Student Code of Conduct, the DAEP placement order will give notice of the inconsistency.

A copy of the DAEP placement order will be sent to the student and the student's parent/guardian. For those students placed in DAEP for a reason identified in the Texas Education Code, the District will also send the juvenile court a copy of the DAEP placement order no later than the second business day after the placement conference. A copy of the DAEP placement order will be included with any records sent to a school where the student seeks to enroll. The enrolling school district has discretion to enforce the DAEP placement order.

JJAEP. The District has a Memorandum of Understanding with the Dallas County JJAEP which permits assignment of students placed in DAEP to the Dallas County JJAEP. Depending upon the circumstances of the misconduct, the District may assign any student who has engaged in misconduct that results in a DAEP placement order to the Dallas County JJAEP, as permitted by the Memorandum of Understanding with the Dallas County JJAEP. All of the consequences that apply to a student placed in DAEP will also apply to the same extent to a student who is assigned to the Dallas County JJAEP, including but not limited to the prohibition on participation in extracurricular, co-curricular, and graduation activities while placed in JJAEP. When a student withdraws from school before a JJAEP placement order is completed, the District may complete the proceedings and issue a JJAEP placement order. If the student re-enrolls in the District during the same or subsequent school year, the District may enforce the JJAEP placement order at that time, minus any portion of the placement that was served by the student during enrollment in another district.

- **Length of DAEP Placement**

The length of a student's placement in DAEP will be determined on a case-by-case basis. In general, for any placement order for conduct under this section that results in placement to the Dallas County JJAEP, the District shall consider assigning a minimum placement length of 90 good days, as defined in the Memorandum of Understanding between the District and Dallas County JJAEP, and terminating at the conclusion of a six-week grading period; any other DAEP placements are generally for 30-45 days, depending upon the circumstances. The length of placement is not confined to these general parameters. DAEP placement will be correlated to the seriousness of the offense, the potential impact

of the conduct on the school environment, the student's age and grade level, the frequency of misbehavior, the student's attitude, and legal requirements.

The length of DAEP placement may not exceed one year unless, after review, the District determines that (1) the student is a safety threat, or (2) extended placement is in the best interest of the student. The statutory limitations on the length of a DAEP placement do not apply to the length of a DAEP placement resulting in the Board's decision to place a student who engaged in the sexual assault of another student so that the students are not assigned to the same campus.

In order for a day to count toward DAEP assignment, the student must be present for the entire day, arrive on time, complete all assignments, follow all rules, and engage in no additional violations of the Student Code of Conduct. Students placed at Dallas County JJAEP must fulfill the specified number of "good" days, as defined in the Memorandum of Understanding between the District and the Dallas County JJAEP.

Students placed in DAEP at the end of one school year may be required to complete the assigned term at the beginning of the next school year.

If the DAEP placement extends beyond 60 days or the end of the next grading period, whichever is sooner, the student or the student's parent/guardian may participate in a proceeding before the Board or Board's designee as provided in policy FNG (LOCAL). Any decision of the Board is final and may not be appealed.

- **Particular Rules for Sex Offenders**

The general Student Code of Conduct rules for DAEP placement apply to registered sex offenders (see definitions) except as modified in this section.

Placement. Upon receiving notification in accordance with state law that a student is currently required to register as a sex offender, the student will be removed from the regular classroom and be placed as follows:

Registered sex offenders will be placed in a Juvenile Justice Alternative Education Program (JJAEP) in lieu of DAEP if: (1) ordered to attend JJAEP by a court, or (2) if permitted by agreement between the District and the JJAEP.

If the student is under any form of court supervision, including probation, community supervision, or parole, the student will be placed in DAEP or JJAEP for at least the number of days equivalent to one semester term.

If the student is not under any form of court supervision, the placement may be in DAEP or JJAEP for the number of days equivalent to one semester term or the placement may be in a regular classroom. The placement may not be in the

regular classroom if the board of its designee determines that the student's presence: (1) threatens the safety of other students or teachers, (2) will be detrimental to the educational process, or (3) is not in the best interests of the district's students.

Length of Placement. Registered sex offenders under court supervision will be placed in either DAEP or JJAEP as either ordered by a court or for at least the number of days equivalent to one semester term. Registered sex offenders who are not under any form of court supervision but are determined to be assigned to DAEP or JJAEP must serve at a minimum the number of days equivalent to one semester term.

Transfers. If a student enrolls in the district during a mandatory placement as a registered sex offender under court supervision, the District may count any time already spent by the student in a placement or may require an additional number of days equivalent to one semester term in an alternative placement without conducting a review of the placement.

Registered sex offenders who are not under any court supervision that transfer to the District will be placed in the regular classroom unless it is determined that the student is a threat to the safety of others, is detrimental to the educational process, or it is not in the best interests of the District's Students.

In making a decision regarding the placement of a registered sex offender that transfers into the District, the District will consider the recommendation of the review committee as described in the "Periodic Review for Sex Offenders" section described below.

Periodic Review for Sex Offenders. At the end of serving the number of days equivalent to one semester term, and before the beginning of each school year for which the student remains in an alternative placement, the District shall convene a committee, in accordance with state law to review the student's placement. The review committee will determine by majority vote and recommend to the Board or its designee whether the student should remain in DAEP or be returned to the regular classroom. The Board or its designee will follow the committee's decision to return the student to the regular classroom unless the student's presence in the regular classroom is a threat to the safety of others, is detrimental to the educational process, or is not in the best interest of the District's students. Conversely, the Board or its designee will follow the committee's decision to continue the student's alternative placement unless the student's presence in the regular classroom is not a threat to the safety of others, is not detrimental to the educational process, or is not contrary to the best interests of the District's students.

If the student remains in DAEP or JJAEP, the review committee will re-consider the student's placement before the beginning of the next school year.

Appeals for Sex Offenders. DAEP or JJAEP placement for sex offenders may be appealed as described in District policy FNG or FOC. However, the appeal is limited to the factual question of whether the student is required to register as a sex offender under the law. A decision of the District's Board of Trustees is final and may not be appealed.

- **Other DAEP Issues**

No Participation in Activities While in DAEP. Students placed in DAEP for any mandatory or discretionary reasons are not allowed to attend or participate in school-sponsored or school-related extracurricular or co-curricular activities during the DAEP placement. This restriction applies until the student fulfills the DAEP assignment at this or another school district.

Impact on Graduation. For graduating seniors who are in DAEP during the last week of school, the DAEP placement will continue through graduation and the student will not be allowed to participate in commencement exercises and related graduation activities.

Periodic Review. The District will review a student's DAEP placement and academic status every 120 calendar days. In the case of a high school student, the student's progress toward graduation will be reviewed and a graduation plan will be established. At the review, the student or the parent/guardian will have an opportunity to present reasons for the student's return to the regular classroom or campus. The student may not be returned to the classroom of a teacher who removed the student without that teacher's consent.

Effect of Student Withdrawal. When a student withdraws from school before a DAEP placement order is completed, the District may complete the proceedings and issue a DAEP placement order. If the student re-enrolls in the District during the same or subsequent school year, the District may enforce the DAEP placement order at that time, minus any portion of the placement that was served by the student during enrollment in another district.

If the administrator fails to issue a DAEP placement order after the student withdraws, the next district in which the student enrolls may complete the proceedings and issue a DAEP or JJAEP placement order.

Student Transfers. Students assigned to DAEP in another Texas district, a Texas open-enrollment charter school, or an out-of-state school district at the time of enrollment into the District will be placed into the District's DAEP to complete the term of their DAEP placement. In order to continue an out-of-state DAEP placement, the basis of the DAEP placement must also be a reason for DAEP placement in the enrolling district. If the out-of-state DAEP placement period exceeds one year, the District will reduce the period of placement so that the total placement does not exceed one year unless the District determines that the student

is a threat to the safety of others or extended placement is in the best interests of the student.

Criminal Proceedings. The review and appeal process described below does not apply if the student was placed in DAEP as required by law for conduct occurring on or within 300 feet of school property, at a school-sponsored or school-related activity, or for a false alarm or report of terroristic threat involving a public school.

If the District received notice that prosecution of a student's case was refused and no formal proceedings, deferred adjudication, or deferred prosecution will be initiated or a court or jury found the student not guilty or did not engage in delinquent conduct or conduct indicating a need for supervision and dismissed the student's case with prejudice, the District will review the student's DAEP placement and will schedule a review with the student's parent/guardian no later than the third day after receiving notice. The student will not be returned to the regular classroom before the review. After reviewing the notice and receiving information from the student's parent/guardian, the administrator may only continue the student's DAEP placement if the administration has reason to believe the student's presence in the regular classroom threatens the safety of others.

The administrator's decision may be appealed to the Board. In the event of an appeal, at the next scheduled meeting the Board will: (1) review the notice, (2) hear statements from the student, the student's parent/guardian, and the administrator, and (3) confirm or reverse the decision of the administrator.

If the Board confirms the decision of the administrator, the student and the student's parent/guardian have the right to appeal to the Commissioner of Education. The student may not be returned to the regular classroom while the appeal is pending.

IX. EXPULSION

- **Reasons for Mandatory Expulsion**

School-Related. A student must be expelled for any of the following offenses that occur on school property or while attending a school-sponsored or school-related activity on or off school property:

- Brings to school a firearm, as defined by federal law (see definitions).
- Uses, exhibits, or possesses the following items, as defined by state law: (1) a firearm, (2) an illegal knife, (3) a club, or (4) a prohibited weapon (see definitions).
- Engages in the conduct that contains the elements of the following misconduct as defined in the Texas Penal Code: (1) aggravated assault, (2) sexual assault, (3) aggravated sexual assault, (4) arson, (5)

murder, (6) capital murder, (7) criminal attempt to commit murder or capital murder, (8) indecency with a child, (9) aggravated kidnapping, (10) aggravated robbery, (11) manslaughter, (12) criminally negligent homicide, or (13) continuous sexual abuse of a young child or children.

- Sells, gives, delivers, possesses, uses, or is under the influence of marijuana, a controlled substance (see definitions), a dangerous drug (see definitions), or an alcoholic beverage (see definitions) if the behavior is punishable as a felony.
- Commits a serious act or offense while under the influence of an alcoholic beverage if the behavior is punishable as a felony.

Firearm Exception. A student may not be expelled solely on the basis of the student's use, exhibition, or possession of a firearm that occurs at an approved target range facility that is not located on a school campus and while participating in or preparing for a school-sponsored shooting sports competition or a shooting sports educational activity that is sponsored or supported by the Parks and Wildlife Department or a shooting sports sanctioning organization working with the department. This exception does not authorize a student to bring a firearm on school property to participate in or prepare for a school-sponsored shooting sports competition or a shooting sports educational activity.

Regardless of Location. A student must be expelled if the student engages in the following misconduct, regardless of whether the conduct occurred on or off campus:

- Retaliates against a school employee or volunteer by committing a state-mandated expellable offense.

- **Reasons for Discretionary Expulsion**

School-Related. A student may be expelled for any of the following offenses that occur on school property, within 300 feet of school property as measured from any point on the District's real property boundary line, or while attending a school-sponsored or school-related activity on or off school property:

- Commits an assault (see definitions) resulting in bodily injury to a school employee or volunteer.
- Engages in deadly conduct (see definitions)
- Sells, gives, delivers, possesses, uses or is under the influence of marijuana, a controlled substance (see definitions), a dangerous drug (see definitions), or an alcoholic beverage (see definitions), in any amount not punishable by a felony.
- Engages in an offense relating to abusable volatile chemicals (see definitions).

- Engages in serious (see definitions) or persistent (see definitions) misbehavior that violates this Student Code of Conduct while the student is placed in DAEP.

Three Hundred Feet. Additionally, a student may be expelled for any of the following offenses that occur within 300 feet of school property as measured from any point on the District's real property boundary line:

- Possess a firearm, as defined by federal law (see definitions).
- Uses, exhibits, or possesses the following items, as defined by state law: (1) a firearm, (2) an illegal knife, (3) a club, or (4) a prohibited weapon (see definitions).
- Engages in the following misconduct as defined in the Texas Penal Code: (1) aggravated assault, (2) sexual assault, (3) aggravated sexual assault, (4) arson, (5) murder, (6) capital murder, (7) criminal attempt to commit murder or capital murder, (8) indecency with a child, (9) aggravated kidnapping, (10) aggravated robbery, (11) manslaughter, (12) criminally negligent homicide, or (13) continuous sexual abuse of a young child or children.

Regardless of Location. A student may be expelled if the student engages in the following misconduct, regardless of whether the conduct occurred on or off campus:

- Commits aggravated assault, sexual assault, aggravated sexual assault, murder, capital murder, criminal attempt to commit murder or capital murder, or aggravated robbery against another student.
- Retaliates against a school employee or volunteer by committing an assault (see definitions) resulting in bodily injury.
- Engages in criminal mischief if the damage is \$1,500 or more.
- Issues a false alarm or report (see definitions) or a terroristic threat (see definitions) involving a public school
- Commits a state-mandated expellable offense on the school property of another Texas school district or while attending a school-sponsored or school-related activity of another Texas school district.

Title 5 Felonies Regardless of Location. In addition to the expellable conduct listed above, a student may also be expelled and placed in Juvenile Justice Alternative Education Program if the student:

- is arrested for a Title 5 felony offense (see definitions),
- is charged with engaging in a Title 5 felony offense,
- received deferred adjudication or deferred prosecution for a Title 5 felony offense
- is on probation for a Title 5 offense,
- was found by a court or jury to have engaged in delinquent conduct for a Title 5 felony offense,

- has been referred to a juvenile court for delinquent conduct based on a Title 5 felony offense, or
- was convicted of a Title 5 felony offense,
- and the administrator determines the student's presence in the regular classroom either threatens the safety of other students or teachers, is detrimental to the educational process, or is not in the best interests of the District's students.

In this circumstance, expulsion to an alternative setting may be ordered regardless of: (1) the date on which the conduct occurred, (2) the location at which the conduct occurred, (3) whether the student was enrolled in the District at the time the conduct occurred, or (4) whether the student successfully completed any court disposition requirement regarding the conduct.

A student may be subject to an expulsion under this circumstance until: (1) the student graduates from high school, (2) the charges are dismissed or reduced to a misdemeanor, (3) the student completes the term of the placement, or (4) the District assigns the student to another program. The student will be entitled to the same periodic review afforded to other students in alternate settings. An expulsion order in this case is final and may not be appealed beyond the Board of Trustees.

- **Emergency Expulsion**

An administrator may order the immediate expulsion of a student if the administrator reasonably believes the emergency expulsion is necessary to protect persons or property from imminent harm. The reason for the emergency expulsion must also be a reason for which expulsion could be ordered on a non-emergency basis. At the time of the emergency expulsion, the student will be told the reason for the action. No later than the tenth day after the date of emergency expulsion, the student will be given a hearing as requires for a regular expulsion; see below.

- **Procedure for Expulsion**

Hearing. Students alleged to have committed an expellable offense will receive a hearing before the principal or other appropriate administrator within a reasonable time following the alleged misconduct. The student's parent/guardian will be informed of the basis for the proposed expulsion and be invited in writing to attend the hearing. After making an effort to inform the student and parent/guardian of the hearing, the District may hold the hearing regardless of whether the student or the student's parent/guardian attends. At the hearing, the student is entitled to:

- Representation by an adult, including the student's parent/guardian, who can provide guidance to the student and who is not an employee of the District;
- An opportunity to question the District's witnesses; and

- An opportunity to testify and to present evidence and witnesses in the student's defense.

Interim Placement. Until an expulsion hearing can be held, the student may be placed in another appropriate classroom, in-school suspension, out-of-school suspension, or DAEP.

Expulsion Order. If the outcome of the expulsion hearing is that the student will be expelled, the appropriate administrator will issue an expulsion order and provide a copy to the student and the student's parent/guardian. If the duration of the expulsion differs from the guidelines in the Student Code of Conduct, the expulsion order will give notice of the inconsistency.

The District will send a copy of the expulsion order to the juvenile court no later than the second business day after the expulsion hearing. A copy of the expulsion order will be included with any records sent to a school where the student seeks to enroll. The enrolling school district has discretion to enforce the expulsion order.

- **Length of Expulsion**

The duration of the expulsion will be determined on a case-by-case basis. In order to avoid undue disruption in the educational process of students expelled to the Dallas County JJAEP, the District shall consider assigning a term of expulsion for a minimum of 90 good days, as defined in the Memorandum of Understanding between the District and Dallas County JJAEP, and terminating at the conclusion of a six-week grading period.

An expulsion will not exceed one calendar year unless, after review, the District determines that: (1) the student is a threat to the safety of other students or to District employees; or (2) extended expulsion is in the best interest of the student.

Students expelled at the end of one school year may be required to complete the term of their expulsion at the beginning of the next school year.

- **Other Expulsion Issues**

Academic Impact. Students will not receive academic credit for work missed during the period of expulsion unless the student is enrolled in a Juvenile Justice Alternative Education Program (JJAEP) or other District-approved program or as required by IDEA or Section 504.

Participation in Activities. Expelled students are prohibited from being on school grounds or attending or participating in school-sponsored or school-related activities while expelled.

Age Restrictions. Students under the age of ten that engage in expellable behavior will not be expelled, but will be placed in DAEP.

Effect of Student Withdrawal. If a student withdraws from the District before the expulsion hearing is conducted, the District may proceed with conducting the hearing after sending written notice to the parent/guardian and student. If the student re-enrolls during the same or subsequent school year the District may enforce the expulsion order at that time; students will be credited for any expulsion period that was served by the student while enrolled in another district.

If the administrator does not issue an expulsion order after the student withdraws, the next district in which the student enrolls may complete the proceedings and issue an expulsion order.

Additional Misconduct. Additional proceedings may be conducted and additional discipline may be imposed if the student engages in additional misconduct while the student is already expelled.

Student Transfers. The District will continue the expulsion of students expelled from either another Texas school district or from an out-of-state school district for behavior that is also a reason for expulsion in the enrolling district, until the term of expulsion has been served. If the out-of-state expulsion exceeds one year, the District will reduce the period of the expulsion so that the total expulsion does not exceed one year unless the District determines that the student is a threat to the safety of others or extended placement is in the best interest of the student.

Expulsion Appeals. An expelled student may appeal the expulsion decision to the Board of Trustees. The student or student's parent/guardian must submit a written appeal to the Superintendent within 10 days after receipt of the expulsion order or decision. The Superintendent will give the student or the student's parent/guardian written notice of the date, time, and location of the meeting at which the Board will review the decision. The Board will review the record of the expulsion hearing in a closed meeting unless the parent requests in writing that the matter be held in an open meeting and the Board determines that an open meeting will not involve a discussion of any other students. The Board may also hear a statement from the student or parent and from the Board's designee. The Board will base its decision on evidence reflected in the record and any statements made by the parties at the review. The Board will make and communicate its decision orally at the conclusion of the presentation. Consequences will not be deferred pending the outcome of the appeal.

ACCEPTABLE USE POLICY FOR TECHNOLOGY

Violation of computer use policies, rules, or agreements signed by the student or the student's parent may result in the student's access being suspended or having access completely revoked for a time period determined by district administration, as well as additional disciplinary action in accordance with the Student Code of Conduct.

1. The use of any technology (including, but not limited to, computers, network-delivered services, the Internet, audio-visual equipment, televisions, and DVD/VCRs) must support the educational goals of Coppell Independent School District. Use must be authorized by a CISD staff member and must lie within the bounds of CISD curriculum.
2. Accessing or transmitting any material which is considered inappropriate or is in violation of any federal or state law is prohibited. This includes, but is not limited to: copyrighted material, threatening or obscene material, or material protected by trade secrets.
3. Individual(s) involved in any of the following would be subject to disciplinary action in accordance with the CISD Student Code of Conduct:
 - Accessing, transmitting, copying, or creating material that violates the Student Code of Conduct
 - Accessing, transmitting, copying, or creating material that is inappropriate, illegal, copyrighted, pornographic or obscene, stolen, threatening, discriminatory, harassing, or offensive
 - Attempts to bypass or disable the District's Internet filter or security systems or software
 - Attempts to access, alter, damage, or change network configuration, security, passwords, or individual accounts of another without written permission from the CISD Technology Department
 - Attempts to access or circumvent passwords or other security-related information of the district, students, or employees or upload or create computer viruses, including off school property if the conduct causes substantial disruption to the educational environment
 - Attempts to install unlicensed or unapproved software or technology on the network
 - Attempts to alter, destroy, hack, or disable district computer equipment, district data, the data of others, or other networks connected to the district's system, including off school property if the conduct causes a substantial disruption to the educational environment
 - Plagiarism or use of District technology to engage in academic dishonesty
 - Sending or post electronic messages that are abusive, profane, obscene, sexually oriented, threatening, harassing, damaging to another's reputation, or illegal, including off school property if the conduct causes substantial disruption to the educational environment
 - Unauthorized use of District technology for non-educational purposes or outside the bounds of CISD curriculum.
 - Use of e-mail or Web sites at school to encourage illegal behavior, engage in conduct that violates the Student Code of Conduct, or threatens school safety

- Use of the Internet or other electronic communications to threaten district students, employees, or volunteers, including off school property if the conduct causes a substantial disruption to the educational environment
 - Violating or infringing upon the intellectual property, copyrighted or trademarked rights of another
4. CISD computers, the Internet, and other network-delivered services should not be used for personal, commercial or financial gain or to otherwise conduct business that is unauthorized.
 5. When placing, removing, or restricting access to specific databases or the Internet or other network-delivered services, school officials shall apply the same criteria for educational suitability used to evaluate all other educational resources.

Parents who have objections to the Internet or other network-delivered services may assume responsibility for imposing restrictions only on their child(ren). Any parent wishing to restrict his/her child's access to such service must provide the school with this restriction in writing. For details, see the CISD board policy governing the selection and adoption of instructional materials.

COMPLAINT/GRIEVANCE PROCEDURE

In general, the procedure for addressing parents or student complaints is governed by Board Policy FNG Local. However, depending on the disciplinary consequence assigned, different complaint procedures may apply. A copy of the appropriate policy is available at the campus or central administration office or online at <http://www.tasb.org/policy/pol/private/057922>

Timelines for filing appeals stated in the policy will be enforced. Disciplinary consequences will not be delayed or deferred pending the outcome of an appeal. Below is a summary description of the procedure for parent or student complaints that are brought under Board Policy FNG Local.

The purpose of this procedure is to secure at the lowest possible administrative level, prompt and equitable resolution of the student/parent complaints. The grievance procedure shall not be construed to create new or additional rights beyond those granted by law or Board policy, nor does it require a full evidentiary hearing or mini-trial at any level. For purposes of this procedure “days” shall mean business days.

Level I

- A student/parent who has a complaint must submit a written complaint and shall request a conference with the principal within fifteen (15) days of the time the student/parent know, or should have known, of the event causing the complaint.
- The Student/parent shall submit the complaint in writing on a form provided by the District.
- The principal shall schedule and hold a conference with the student/parent within ten (10) days of the request.
- The principal shall have ten (10) days following the conference within which to provide a written response.

Level II

- If the outcome of the conference with the principal is not to the student's/parent's satisfaction or the time for a response has expired, the student/parent may appeal to Level II, requesting a conference with the Superintendent or designee.
- Any appeal to Level II must be submitted in writing on a form provided by the District and must be filed within ten (10) days following receipt of a Level I response or, if no response received, within ten (10) days of the response deadline.
- The Superintendent or designee shall hold the conference within ten (10) days after receiving the request.
- Prior to or at the time of the conference, the student/parent shall submit a written complaint that includes the student's/parent's signed statement of the complaint, any evidence in its support, the solution sought, and the date of the conference with the principal. At the Level II conference only the issues and documents presented at Level I and identified in the Level I appeal shall be considered.
- The Level II conference shall be audio taped.
- The Superintendent or designee shall have ten (10) days following the conference to provide a written response.

Level III

- If the outcome of the conference with the Superintendent or designee is not to the student's/parent's satisfaction or if the time for a response has expired, the student/parent may appeal to Level III, requesting the Superintendent or designee to place the matter on the agenda for a future Board meeting.
- Any appeal to Level III must be submitted in writing on a form provided by the District and must be filed within ten (10) days of the Level II response or, if no response is received, within ten (10) days of the response deadline.
- The Superintendent shall inform the student/parent of the date, time, and place of the meeting.
- The presiding officer shall establish a reasonable time limit for complaint presentations. The Board shall consider only those issues and documents presented at the preceding levels and identified in the Level III appeal notice.
- The District shall make an audiotape of the Level III proceeding before the Board.

- The Board shall hear the complaint and shall then make and communicate its decision orally or in writing at any time up to and including the next regularly scheduled Board meeting.

BUS RIDER SAFETY & DISCIPLINE RULES

The Coppell Independent School District has contacted with the Dallas County Schools to provide bus transportation to and from school as a courtesy service for eligible students residing in the District.

CISD and Dallas County Schools expect all riders to follow the safety rules and regulations in order for students to arrive home safely. Transportation (Busing) is a privilege and this privilege may be revoked if any rider chooses not to follow the safety guidelines.

Parents should review these guidelines with their children and call the Transportation Office if there are any questions.

Bus route information can be obtained through the Transportation Office.

General Safety Rules

1. Follow the instructions of the bus driver at all times.
2. Only eligible students are allowed to ride the bus.
3. The driver will pick up and drop off students only at designated stops.
4. Friends, who are not eligible riders, may not ride home with an eligible rider unless permission is granted by the Transportation Department (24 hour notice is required).
5. Parents are responsible to bring their child to school if the child misses the bus.
6. Emergency doors and escape hatches are to be used only with permission from the bus driver.
Occasionally students will practice evacuation drills at the bus site.
7. Students must be seated, facing the front of the bus, with feet on the floor during the entire trip. The driver will not move the bus until all are seated.
8. Video recordings are made of student activity and used for disciplinary and training purposes.
9. All CISD and individual campus rules and regulations are in force while riding on the school bus.

Bus Schedules

Buses will run as close as possible to the published schedule. However, the first several weeks of school are a period of adjustment. Routes will not run early, but occasionally run late until revisions are made. Please keep this in mind when arranging personal schedules.

Parents should discuss with their children a plan of action if the morning bus is missed. Students should know if their parents expect them to return home, go to a neighbor, walk to school, etc. (When mechanical or other problems cause a bus to run late, the school will be notified, and the bus will make every stop, regardless of how late it is.)

Procedures for Waiting for the Bus

1. Be at your bus stop five minutes before the scheduled pick up time. Drivers will not wait or honk.
2. Stand on the sidewalk or back from the roadway while waiting for the bus.
3. When the bus approaches, form a line and be prepared to load immediately.
4. Stand clear of the bus until it comes to a complete stop.

Loading the Bus

1. Do not push or shove.
2. Use the handrails and steps.
3. Go to your seat. The bus will not move until students are seated.
4. Students may be seated from the back of the bus to the front of the bus to accommodate full loads.
5. Once the bus door is closed in preparations for departure, no students will be allowed to board.

Conduct on the Bus

1. Remain seated while the bus is moving.
2. Do not change seats while the bus is moving.
3. A student shall not refuse to sit in an assigned seat or deny another student a place to sit.
4. Each student will be expected to remain seated for the duration of the trip, and remain seated until the bus door opens.
5. Normal conversation is permitted. Loud noises may distract the driver and create an unsafe condition.
6. Scuffling, fighting, and the use of obscene, vulgar, or profane language and gestures are forbidden.
7. Do not throw objects inside or out of the bus.
8. Do not mark, cut, or scratch any part of the bus. Vandalism costs will be paid by the person who is responsible.
9. The emergency door and exit controls should be used by pupils only during supervised drills or actual emergencies.
10. Students shall never attempt to operate the passenger door or other driver controls except in case of extreme emergency.
11. Students shall face forward for the duration of the trip, and shall keep their feet on the floor in front of them and out of the bus aisle.
12. Video recordings are made of student activity on the bus for disciplinary and training purposes.

Getting off the Bus

1. Stay seated until the bus is completely stopped.
2. Use the handrail and take one step at a time when leaving the bus.
3. Wait for your turn to leave the bus: pushing and crowding will only slow exiting and may cause an accident.
4. For extenuating reasons, a student may get off at another bus stop as long as it is on the same route which the student rides daily. The parent must submit to the bus driver a written explanation for this change with a daytime phone number. This request must be made at least one day in advance. This request must be on a full sheet of paper.
5. Stay clear of the bus when the engine is started. Do not chase or hang onto the bus at any time.
6. If any article drops or rolls neat or under the bus, do not go after it. Go to the door of the bus and ask the driver for help.

Crossing the Street or Highway
