Subject: Approval of Credit by Exam Administration

Senate Bill I, Section 28.023, directs school districts to provide students with opportunities for “acceleration for each primary school grade level and for credit for secondary school academic subjects”. To receive Credit by Exam students will be required to complete an examination which thoroughly tests comprehension of the TEKS (Texas Essential Knowledge and Skills) in the four academic areas in the elementary grades or the requested academic subject area(s) on the secondary level.

Senate Bill I requires that local board of trustees review examinations for acceleration. There are no requested tests for administration in December, 2018.

Respectfully submitted,

---

Assistant Superintendent of Instructional Services
