To Whom It May Concern:

This letter is verification that Amaro Villarreal is currently enrolled with our alternative certification program, *A Career in Education - ACP*. This candidate is in compliance with the "No Child Left Behind," policies. He completed at least 80 hours of coursework during the Pre-Service Academy, which concluded in June 2008.

Mr. Villarreal is *highly qualified* in the specified area of **Generalist 4-8** due to successfully passing the associated TExES content exam. At present, this candidate is eligible for a probationary certificate.

Upon his hiring as a classroom teacher by a school district, our program will assist him in obtaining this certificate from SBEC so that he may begin his career as a Texas classroom teacher. During his first year of employment, we will provide field supervision and on-going staff development to ensure success in the classroom. Additionally, this candidate will continue with classroom coursework to aid in his development throughout the year. If applicable, a stipend will be paid to the campus mentor that is assigned to this candidate following the receipt of proper documentation regarding observations and discussions that occur during the academic year. This candidate will take the Pedagogy and Professional Responsibilities (PPR) TExES exam after his first year of teaching and at that time will apply for his standard certificate.

Our program is committed to the highest standards in education and preparation of all our interns. We sincerely appreciate your consideration of this teacher candidate.

Sincerely,
