### About Your Account and Statement

Securities and municipal advisory brokerage services (investments purchased with proceeds from a municipal securities issuance), and investments cleared through our clearing firm, Pershing LLC, are offered through PMA Securities, Inc., a broker-dealer and municipal advisor registered with the SEC and MSRB, and a member of FINRA and SIPC. All other products and brokerage services are generally provided by PMA Financial Network, Inc. Thus, certificates of deposit ("CD"), savings deposit accounts ("SDA") and commercial paper ("CP") may be executed through either PMA entity, as applicable, depending on whether the investment was purchased with proceeds derived from municipal securities. PMA Securities, Inc. and PMA Financial Network, Inc. are operated under common ownership and are affiliated with Prudent Man Advisors, Inc.

#### Fixed Rate Investment Activity

This section shows all of the fixed term investments purchased and sold, maturities, interest received, and activity. This will include all CD, SDA, CP, securities and money market funds purchased through PMA Financial Network, Inc. or PMA Securities, Inc. as applicable. It also shows the approximate market value of each security whose price is obtained from an independent source believed to be reliable. However, PMA cannot guarantee their accuracy. This data is provided for informational purposes only. Listed values should not be interpreted as an offer to buy or sell at a specific price. CD's and CP are listed at their original cost. Redemption of a CD prior to maturity may result in early withdrawal penalties. Market values are based on the last day of the month for which this report date range is ending. If the run date of this report is prior to the end of the current month, the market values are listed as equivalent to the cost values.

#### ISDLAF+ Activity

This section shows all of the activity in the Liquid and Max Class. The Average Rate represents the average net interest rate over the previous month which is then annualized. Income Summary represents the interest earned for the Month and Fiscal Year to Date.

An investment in the Multi-Class Series or any Term Series is not a bank deposit and is not insured or guaranteed by the Federal Deposit Insurance Corporation or any other governmental or private agency. Although the Liquid Class and MAX Class of the Multi-Class Series each seeks to maintain a stable value of \$1.00 per share, it is possible to lose money by investing in the Multi-Class Series. It also is possible to lose money by investing in a Term Series, which may impose a substantial penalty for redemption prior to the full term of the Series.

#### Money Market Fund

The Rate shown for the money market fund represents the average net interest rate over the previous month which is then annualized. Information regarding the money market fund's investment objectives, risks, charges and expenses can be found in the money market fund's prospectus, which can be obtained by calling PMA at the phone numbers listed. The performance data featured represents past performance, which is no guarantee of future results. Investment returns will fluctuate.
