Item Name: DISCUSSION OF RFP #12-2025TB ARTIFICIAL INTELLIGENCE-BASED DETECTION SYSTEMS

Item Summary: The purpose of RFP #12-2025TB Artificial Intelligence-Based Detection Systems is to solicit proposals from qualified vendors to supply and implement an Artificial Intelligence (AI) Weapon Detection System. This includes installation, testing, and training in accordance with the terms, conditions, and requirements specified in this Request for Proposals ("RFP"). Lamar CISD seeks to procure, install, test, and maintain AI-powered weapon detection systems at all high school campus locations within the district.

This initiative aims to enhance school safety by integrating advanced technologies capable of detecting weapons and related threats in real-time, using AI-driven systems that integrate seamlessly with existing campus security protocols.

Recommendation: Administration recommends that the Board of Trustees consider approval of selected vendor proposals.
