Please share additional comments/feedback that would be beneficial for the District's consideration about the educational and extra-curricular offerings provided to CCSD's Alaska Native and Native American students and families.

Timestamp	Responses:
11/15/2021 11:47:19	For a small district CCSD provides a wealth of extra-curricular activities for our Alaska Native and Native American students.
11/15/2021 13:29:54	More flyers sent home
11/15/2021 14:03:06	My son couldn't get into the native art class and he is native. I think more native classes such as fishing, running a boat(different types), and outdoor(hunting, gun safety, drivers education) classes should be offered.
11/15/2021 22:27:18	As a parent I need mor information about everything. Not just as a native family I'm talking every family
11/17/2021 16:08:00	I would like to see more local advocacy opportunities for youth. Extra credit for getting involved in local and state issues. Also, making sure there are diverse perspectives about the history of Alaska Natives. Make sure the children have pride in who they are and what they stand for. Do the native children know their names, their clan, their moiety, etc.
11/17/2021 20:03:52	I don't know of any extra curricular activities my children are offered that are centered around Alaska Native and Native American culture, wether it be activities, language, or art.
11/18/2021 8:26:21	My children have been motivated by the Craig School District to have the extra Alaska Native programs available for them. I have enjoyed many years of the Craig School District and activities my children and grandchildren have enjoyed. We have a nice community of teachers and community members who are available for our children's educational needs such as volunteering or giving correct advice when it comes to the Native culture in our area.
