

DU PAGE ELEMENTARY SCHOOL DISTRICT 13
BOARD OF EDUCATION
Bloomington, Illinois
Regular Meeting October 27, 2025

FOR ACTION

Subject: Approval of Snow Removal Services

The District terminated the agreement with TNT Landscape Construction Company due to quality issues and brought ALM Group from Medinah last year to provide snow removal services. Last season snow removal and lot salting costs were approximately \$28,340.00. The 2025 thru 2026 charge for events between 1-4 inches will be:

- \$680 flat rate including salt at DuJardin Elementary;
- \$660 flat rate including salt at Westfield Middle School, and;
- \$780 flat rate including salt at Erickson Elementary.

I have included the proposed one-year contract with the ALM Group for your review. Due to the high level of satisfaction in the quality of their work, I am recommending approval of the contract with ALM Group this evening.

Recommendation: The Board approve the 2025-2026 contract with ALM Group for the provision of snow removal services, as presented.
