Fall Regional Meetings

2012 Fall Regional Meetings

The Oregon School Boards Association invites you to attend our completely redesigned fall regional meetings. We've heard that you need more relevant information about the changes to Oregon's education system and the challenges facing boards and education providers. So we've thrown out the powerpoint and designed a program to engage you in conversations that will help guide our advocacy work and address your service needs.

*You asked and we listened!
The Fall Regionals format has changed for 2012*

On the agenda....

Student achievement

What does the "40-40-20" goal mean for education providers? How can districts raise student achievement and close the academic achievement gap despite limited and diminishing resources?

Oregon Education Investment Board (OEIB)

In addition to deciding the content of the Achievement Compacts, the OEIB will take on the big issues in public education: governance, student achievement and funding. How will their work impact board decisions? What feedback and information should OSBA share with the OEIB?

Learn to advocate.... and network too

Fall Regional meetings are an opportunity to meet fellow board members in your region, exchange ideas and build support for local education initiatives. These meetings also enable you to sharpen your skills as a public school advocate so you can be a strong voice during the 2013 Legislative Session and beyond.

OSBA has extended an invitation to representatives from the Chief Education Officer's office and other policymakers to attend our regional meetings.

Meet the candidates

Nine positions for the OSBA board of directors are open for nominations this fall. (Nominations close September 28.) Candidates will have the opportunity to make a short presentation at regional meetings to the membership. Voting will occur November 12 - December 14.
