

Hi all,

We will be touring the Moran Iron Works - Industrial Arts Institute in Onaway Monday, June 15, starting at 10 AM.

\*Directions to Moran Iron Works Industrial Arts Institute – I-75 to exit 310, Indian River, go EAST toward Rogers City on M-68 for 19 miles to 20902 Washington Ave. (M-68) in Onaway. The Industrial Arts Institute is on your left in the old Brewbaker/ArtVan furniture building.

This will be another BYO month for coffee and your favorite pastry, fruit, or ???

There are also a couple of optional additions to the agenda. The order will depend on when we finish, but those who want to stay for lunch can gather at a local restaurant. I'm excited about making my first visit to the largest falls in the lower peninsula, on the Ocqueoc River about 12 miles east of Onaway.

You responded last month that you'd like to talk about Veterans Affairs and Michigan Works. We'll see how the time goes, but I would like to hear from you some specifics about whether you just want to share information or if there is benefit to finding a speaker to talk with us about these programs.

Thanks, see you in Onaway on the 15th!

John
