Knightline Newsletter

February 2019

North Valley Community,

The first semester has come to a close, and I just want to inform our community about the greatness going on at NVHS as well as what is on the horizon. As you are aware, we have received some wonderful compliments about our students throughout our community and from schools, parents, and substitutes from afar. It is very evident that our students are beginning to embody our 3R's and make Respect, Responsibility, and Resilience a part of who we are as a school. Many thanks to our students, staff, coaches, and parents who represent us so well.

With the close of the first semester, students have two weeks to make up any "incompletes" from their 1st semester classes. Our staff is working hard to help students achieve their academic goals and keep everyone on-track for graduation. Be looking for those report cards coming home or check out your student's grades on ParentVue. Also, for the first time we will be sending home the employability skills rubric scores for all students. If you recall from the beginning of this school year, this rubric derived from a partnership with local businesses to see where students are over 7 employability categories. This progress check can be valuable in facilitating a conversation on the necessary skills and behaviors for successful employment.

Finally, activities are in full swing here at the school. Winter sports are gearing up for the post season and spring sports are anticipating their start. The play begins in March and our 21st century after school classes are thriving. We will be offering classes such as dance, automotive, woodshop, culinary arts, among others. Encourage your student to participate and learn a new skill. For all our activities, make sure to check out the website so you don't miss anything

Thanks for all your support

21st Century Grant Opportunities.....

Three Rivers School District has been awarded the 21st Century Grant. North Valley High School is included in this award this year. The Grant is here to provide services and opportunities for our students outside of school hours. We will be linked with local instruction as well as community partners. All of the classes are drop in and give something new a try. Of course we hope that the students will join in and attend for the whole term of sessions they are interested in. Finally as a school we have a lofty goal we need to have attendance at these functions. Our goal is to get over 30% of our student body to attend activities regularly.

Some of the services offered are:

Activity Bus - leaves North Valley at 5:45 Mon-Thurs.

Sack Supper - free for all students until they are gone Mon-Thurs.
