IN RE:           Response to Request for Proposals  
                    School District Attorney Services

Thank you for inquiring regarding our school law practice.

Pemberton Law has been a part of the greater Minnesota legal community for over 130 years. Our law firm has decades of experience representing public entities (cities, counties, school districts, townships, joint powers entities, and service cooperatives) across Minnesota in all areas of law. We represent many school districts and education related entities across the entire state. We are proud of the clientele we have built up through maintaining great client responsiveness, reliable and common-sense based legal advice, and our team-based approach to serving schools.

Typically, when working with public entities, we prefer to establish the relationship with one main point of contact with the school, typically the superintendent. We communicate with board members and other staff members as needed, but most communication occurs through the point of contact. We are, however, willing to work within the structure that has been utilized by your previous attorney if you feel it has worked well for you in the past.

Abbie Thurmes would be the primary contact for all district attorney services requested. Our entire firm, however, will be available as a resource. If attorney presence is requested at School Board meetings, Abbie would attend meetings at the district's request.

We have attached a list of other districts our law firm represents, and you are welcome to contact any of them for a reference. Abbie's current hourly rate is \$270.00 per hour. Other attorneys in the firm may also work on a file when necessary and may charge a different hourly rate for their time. Pemberton Law's hourly rates for administrative staff and legal assistants' time ranges \$150.00-\$160.00 per hour. No advanced payment is required, travel time will be billed at the current hourly rate per hour, and mileage will be charged at the current IRS rate of \$0.725 per mile.

All personnel bill in increments of a minimum of 1/10th of an hour (6 minutes), which is the minimum increment billed for each service provided, including phone calls, emails, and any other time spent working for the district on the type of work described above. We bill monthly during the first week of each month and send detailed, itemized billing statements outlining all work performed. We do not require any type of advanced retainer or contract. We simply serve at the pleasure of the board.

On behalf of Pemberton Law, we wish to thank Northome School District for the opportunity to submit this proposal for consideration. Enclosed you will find a representative public school client list, and a bullet point summary of the type of work that we do.

Please do not hesitate to contact us with any questions!

Sincerely,

Abbie J. Thurmes  
School Law Attorney
