Subject: 152 is DOING GREAT THINGS

I am sharing information that was shared with me from TTHS when I met with a representative on Thursday, April 19th. **Seventeen (17)** students from Brooks, based on PSAT placement scores, are eligible and invited to take ***Advanced Placement Human Geography*** which is a new course at **TTHS**. These 17 students are being encouraged to take a summer school class to make room in their schedules for this awesome opportunity and letters have been sent home to parents.

It gets better! I have a report from TTHS and it lists the scores of all those being invited. The breakdown per school for this AP class is as follows:

Parks- 3

Coolidge- 4

Washington- 4

Roosevelt- 7

Brooks- 17

When someone asks for data from 152, let's be sure to make them aware of this timely and accurate data point!

With Warrior Pride,

Frank Kuzniewski
