ACTION

BACKGROUND INFORMATION

Earlier this year we approved limiting private rental assistance to a monthly maximum of \$250, and restructuring payment arrangements to reflect actual relationships with landlords.

We have initiated these changes, but at employee request, we respectfully submit for consideration increasing approved assistance limits to \$300 / mo. This change , after applicable taxation, (rental assistance is most appropriately a taxable benefit reported as income) would result in an effective \$250 subsidy as desired.

ADMINISTRATIVE RECOMMENDATION

Approve increasing rent assistance to pre-tax \$300 / mo.
