- Strong support for E-Learning days

Staff Quotes

- "My students knew what to do and signed in on time."
- "Teams made for a seamless transition."
- "Some students couldn't access the VPN at home."
- "Advanced notice helped us prepare effective lessons."

Cross-Group Themes

- E-Learning successfully continued instruction
- Expectations and communication rated highly
- Technology mostly worked—with VPN/wifi noted as key issue
- All groups preferred E-Learning over makeup days

Districtwide Strengths

- Clear communication and preparation
- High student engagement and independence
- Effective use of Teams and digital tools
- High satisfaction across all groups

Districtwide Challenges

- VPN and Wifi issues at home
- Occasional device problems
- Some families need internet or quieter spaces

Recommendations for Improvement

- Provide low cost internet options for families with unstable internet
- Continue early communication for planning
- Address device reliability issues
- Enhance digital readiness support
