

## **School Nutrition Lunch Prices for SY20-21**

### **Elementary Campuses**

We are pleased to announce that we will be extending the Community Eligibility Provision to all elementary campuses this year. The Community Eligibility Provision (CEP) is a non-pricing meal service option for schools and school districts in low-income areas. CEP allows the nation's highest poverty schools and districts to serve breakfast and lunch at no cost to all enrolled students without collecting household applications. Instead, schools that adopt CEP are reimbursed using a formula based on the percentage of students categorically eligible for free meals based on their participation in other specific means-tested programs, such as the Supplemental Nutrition Assistance Program (SNAP) and Temporary Assistance for Needy Families (TANF).

### **Secondary Campuses**

We will implement USDA's Universal Free Feeding Program for SY20-21 for all secondary campuses. The program requires that we still collect meal applications from this group of households (for reimbursement purposes) but allows us to provide breakfast and lunch meals at no cost to all students.

### **Adult Meal Prices**

Per TDA, the charge for adult meals must, at a minimum, be greater than the amount of total reimbursement received for a free meal plus another other supplemental payments received by our department. The adult meal prices for this school year are listed below.

Breakfast-\$3.00

Lunch-\$4.00

This program is funded by USDA. This institution is an equal opportunity provider.
