Name of Person Responsible: Heather Conklin

Department or Campus: Teaching and Learning

Topic: 2025-2026 Certification of Provision of Instructional Materials

- **Background Information:** School districts and charter schools are required to certify annually to the State Board of Education and the commissioner that, for each subject in the required curriculum other than physical education, students have access to instructional materials that cover all the Texas Essential Knowledge and Skills (TEKS). Districts and charters must submit certifications to receive access to ordering 2025-2026 instructional materials through EMAT.

The certification must still be ratified by the LEA's board of trustees or governing body in an open, public-noticed meeting. The completed certification form must be submitted to the Board to obtain approval by signature.

Note: The district representative completing the form will be required to confirm Board approval via the required survey.
