Ages of Attendance

In accordance with Connecticut General Statute 10-186, the Board of Education shall provide education for all persons, residing in the District, five years of age and older, having attained age five on or before the first day of January of any school year, and under twenty-one years of age who is not a graduate of a high school or vocational school, except as provided in Connecticut General Statutes 10-233c and 10-233d. **For purposes of establishing the residency of a child of a member of the armed forces, as defined in C.G.S. 27-103, and who is seeking enrollment in a district school, in which such child is not yet a resident, the Board shall accept the military orders directing such member to Connecticut or any other documents from the armed forces indicating the transfer of such member to Connecticut as proof of residency in the District.**

Additionally, according to Connecticut General Statute 10-76d (b2), special education will be provided for children who have attained the age of three and who have been identified as being in need of special education, and whose educational potential will be irreparably diminished without special education.

Parents and those who have the control of children five years of age and over and under eighteen years of age, are obligated by Connecticut law to require their children to attend public day school or its equivalent in the district in which such child resides, unless such child is a high school graduate or the parent or person having control of such child is able to show that the child is elsewhere receiving equivalent instruction in the studies taught in the public schools. The parent or person having control of a child seventeen years of age must consent to such child's withdrawal from school. The parent or person shall exercise this option by personally appearing at the school district office to sign a withdrawal form. Such form shall include an attestation from a guidance counselor, school counselor or school administrator that this district has provided the parent or person with information on the educational opportunities available in the school system and in the community.

The enrollment process shall be focused on obtaining only the information deemed necessary to establish residency and age. The District shall not request other information as a condition of enrollment or state in its policies or on its websites or otherwise, that other information is required to enroll children. The District shall immediately enroll a homeless child and allow such student to attend school even if the student is unable to produce records normally required for enrollment. Additional data collection may occur, but it must be completed in such a manner that does not interfere with the enrollment of a child in school.

The parent or person having control of a child five years of age shall have the option of not sending the child to school until the child is six years of age. The parent or person having control of a child six years of age shall have the option of not sending the child to school until the child is seven years of age.

The parent or person having control shall exercise such option by personally appearing at the school district office and signing an option form. The district shall provide the parent or person with information on the educational opportunities available in the school system.

The District, when determining residency, shall not request documentation of citizenship or immigration status of a child or the child's parents/guardians. The Board believes such documentation is not relevant to establishing residency.

In the establishment of residency, the Board will accept such documentation as, but not limited to, a lease agreement, mortgage document, property tax record, rent receipt, home owners insurance, current utility bill, current proof of government benefits, CT driver's license, automobile registration or insurance. An Affidavit of Residence, properly executed, shall also be acceptable.

The above requirements are not to serve as barriers to immediate enrollment of students, designated as homeless or foster children as required by the Every Student Succeeds Act (ESSA) and the McKinney-Vento Act as amended by the ESSA. The District shall work with the local child welfare agency, the school last attended, or other relevant agencies to obtain necessary enrollment documentation. The District shall immediately enroll a homeless student and allow such student to attend school even if the student is unable to produce records normally required for enrollment.

The parent/guardian of any child who is denied admission to school, or an emancipated minor, a student eighteen years of age or older, a homeless child or youth, or an unaccompanied youth who is denied schooling, or an agent or officer charged with the enforcement of attendance laws may request, in writing, a hearing by the Board of Education. Such hearing may be conducted by the entire Board of Education, or by a subcommittee of three Board members, or by a local impartial hearing Board of one or more persons not members of the Board of Education.

A child who has attained the age of seventeen and who has voluntarily terminated enrollment with parental consent in the district's schools and subsequently seeks readmission may be denied readmission for up to ninety school days from the date of such termination unless such child seeks readmission to the District not later than ten (10) school days after such termination in which case the Board shall provide school accommodations to such child not later than three school days after such child seeks readmission.

A child who has attained the age of nineteen or older may be placed in an alternative school program or other suitable educational program if he/she cannot acquire a sufficient number of credits for graduation by age twenty-one.
