Hi Mr. Monaco,

I would like to take a minute and express my gratitude to Mrs. Jones and Mr. Garner at the middle school. I was able to attend the 7th grade field trip this year with my daughter Riley, and we were extremely impressed. When I first received the itinerary, I honestly did not see how it was going to be possible to organize and control approximately 180 parents and students. But the entire trip was so well planned that it was very enjoyable. The students really enjoyed it and we were all amazed at how much we learned. On the bus ride home, they were all diligently completing all the schoolwork pertaining to the trip and you could see that they really enjoyed learning about it. I cannot think of a better way to teach children than to actually take them places such as the caverns to touch the stalagmites or actually walk through the Alamo. Honestly, I think I learned more from this trip than I did in school growing up in Denton. I am sure many of these students would never have had this opportunity if it were not for Mrs. Jones. The entire trip seemed to go so smoothly, and I attribute this to all the hard work Mrs. Jones put into this trip. She honestly deserves a heartfelt thank you for her efforts on this. I decided to purchase my home here in Aubrey solely on the school district. So far, we have been thrilled with both Mrs. Jones and Mrs. Lott. They are both outstanding and we could not ask for two ladies more dedicated to their students. They both make learning fun and I believe this is the key to a successful school.

Sincerely,

Laura Rhodes Babcock
