As you are aware when the dome was built playground equipment was removed. Reagan Elementary would like to request for some playground equipment to be replaced. Reagan Elementary did an election in November to see the type of equipment the students would like to have on the playground. The attached picture shows the results with costs.

I would like to ask the board if the top two could be possibly be purchased since it was so close. The top choice is geared more for older students and the second one is more for younger students.
