

2020/2021

Club Name Napi STEM Club Sponsor Chase Nevarez & Edi Wagner

Club Goals:

To build excitement, intrigue and background knowledge of space science, exploration, engineering, and the NASA space program as related to the Montana Science Standards.

To provide students opportunities for introduction and development of coding, robotics, drone, and inquiry as related to Montana State Science standards.

To provide additional curricular participation by students not covered in our current science programs.

Proposed Meeting Dates: Bi-monthly meetings beginning in September. Thursdays after school. We will meet virtually first and then move to in-person meeting as the restrictions begin to relax.

Summary of Proposed Club Activities: To provide 4th and 5th grade students the opportunities to explore, inquire, and expand their knowledge of space science with STEM priorities and expectations, with the assistance of Montana State University STEM programs and the Blackfeet Community College. This club will operate in conjunction with BES, BMS, and BHS Science Clubs and competitions.

All sponsors must keep sign-in sheets for ALL meetings and sign-in sheets will include the date of the meeting and SIGNATURES of STUDENTS attending. These sign-in sheets will be turned in at the end of the year prior to receiving the stipend.
