## **PBIS News:**

Student of the month children are selected by their classroom teacher every month. The teacher considers the students behavior and academics. This doesn't always mean that they are the straight "A" students, but they have to be trying their best in all aspects of school. These students usually are kids that continue to show our staff that they can make good choices around our PBIS School wide Expectations; Be Respectful, Be responsible, Be Safe, and Be Kind..... The students that are selected monthly participate in a pizza lunch in the Library with the Principal and are awarded with some small prizes. These prizes consist of an Evergreen water bottle, a student of the month pencil, an Evergreen bumper sticker, and a newly designed Evergreen bookmark. They also are recognized in front of the whole school at the PBIS assembly that same day. This is just another way we are recognizing positive behavior in our school.

## School News:

We just got the news from the maintenance that the painting company that is going to bring some color back to Evergreen is scheduled to be completed over the Christmas Holidays. We will be painting all (approximately 130) the poles a more vibrant yellow, painting the doors (approximately 60) around each building a specific color (red/purple/orange/blue/green/yellow), and sprucing up the color on our playground by painting the swing poles, basketball poles, tetherball poles, and the benches. This will be a great surprise for all of our kids, staff, parents, and community members come January 2015!!!!!!!!!!

On December 12, 2014, we will be having another **school wide assembly** for all of our students. This performance is called "3Screens".... This assembly and others throughout the year are made possible with all the fundraising our students do throughout the year. Please feel free to come by and see the shows. The K-2 will be at 9:35am and the 3-5 will be at 10:35am. Below is a description of the assembly which will be seen on 3 screens put together into one big 43 foot screen that utilizes state-of-the-art sound and video projection to captivate the attention and imagination of students.

**We have selected “Be More Awesome K-6”**

We hear it a lot; most of us say it a lot; but what IS awesome? Do you know what AWE is? Awe is wonder and **amazement and thrill! It’s** something that makes you smile, feel joy, and makes you think, “WOW!”

Maybe you’ve been told you’re awesome, and you believe it— at least most of the time—because everyone really is awesome. But there’s a reason we can never quit trying to be better and trying new things, and this is it: we can never really stay exactly the same awesomeness—and we surely don’t want to become less awesome—so the challenge is to see how many ways we can **BE MORE AWESOME** every day!

Sure, there are some limits. We can’t all be awesome in the same ways. But we also can’t really know how awesome we can be unless we try different things, and do our best to get better at everything we try. Most importantly, we can find awesome ways to help each other **BE MORE AWESOME!**

**This program includes a powerful anti-bullying message, as well as a fun approach to encouraging healthy choices. Movie clips, lots of action and fun music will engage and captivate kids and teachers alike!**

Thanks and Happy Holidays from all of us at Evergreen Elementary!!!!!!
