

# Community Education

Engaging People; Enriching Lives!

Positive Happenings – November 2014

## 2013-2014 Highlights

During the 2013-2014 school year Community Education celebrated 40 years of service. We held some special events including an Open House and the Ranger Review. Programs offered specific activities throughout the year for their participants.

## DVD is Unveiled

At the November 6 school board meeting you will be viewing a DVD that highlights all of our programs.

## FLAS Community Education receives Project Awards!

Community Education received awards for Ranger Review and the Health UP collaboration. In an effort to further recognize deserving outstanding community projects, Minnesota Community Education Association annually presents awards to projects that are associated with a Community Education program based on the following criteria: Cooperation and Teamwork • Use of Resources • Achievement • Community Impact

**Eat, Move, Play, Connect!**

Community Education is proud to be a part of the **Health UP** initiative with the rest of the school district and many other local community partners.

Health UP is funded, in part, by the Fairview Foundation.

For a list of partners, a calendar of activities and more information about Health UP, visit [healthupfl.org](http://healthupfl.org)

**All Staff Variety Show! 2015**

April 17 • Friday • 7pm • FLAHS

## 2014-2015 Highlights

During the current school year we are celebrating 25 years of childcare. School Age Care began in 1989 and has now blossomed into three great programs: Steps Ahead, School Age Care and Sonic. The programs provide care for children ages 3 through grade 6. Look for activities throughout the year celebrating this milestone! New this year, childcare programs will be open at three sites when school is closed for inclement weather.
