

Bridgman Elementary School

Board of Education Update

March 2025

- BES is holding our annual Hoops for Heart event. We have raised over \$17,000 in online pledges. All proceeds go to the American Heart Association. This year the students learned about mindfulness and CPR. The event is organized and promoted by Justin Hahaj.
- Kindergarten round-up was a success with forty-three students enrolling. Nine of the school of choice applicants have a sibling currently enrolled in the district. Readiness screening will take place in May.
- BES held a school wide book BINGO. All students were able to win many books to take home. The books were donated by BES families, staff and community members.
- Third and fourth graders are preparing to take the M-Step in May. They will be assessed in English Language Arts and math. Each test takes approximately two hours to complete.
- Third and Fourth graders traveled to Lake Michigan College to see the Southwest Michigan Symphony Orchestra
