

**GOVERNING BOARD AGENDA ITEM  
AMPHITHEATER UNIFIED SCHOOL DISTRICT NO. 10**

---

**DATE OF MEETING: October 2, 2012**

**TITLE: Review of Summer Learning Program**

---

**BACKGROUND:**

This summer, District staff offered several levels of summer learning opportunities for students:

- The District continued its use of the tutorial model in the primary grades summer learning programs. The focus in this program this year was on 1<sup>st</sup>, 2<sup>nd</sup>, and 3<sup>rd</sup> graders in the areas of math and reading. Identification was based on results from specific “strand” areas on MAP for students in 2<sup>nd</sup> and 3<sup>rd</sup> grade; AIMS results were also considered for 3<sup>rd</sup> grade. Scores on DIBELS, classroom data, and teacher recommendation were used to identify students in 1<sup>st</sup> grade. Selected students participated in half-day sessions.
- Math bridge programs were instituted for students in 5<sup>th</sup> and 8<sup>th</sup> grades to help with their transitions to the next grade levels.
- ELL students were also provided with summer learning opportunities to support their language acquisition skills.
- Tutoring was available for Native American students.
- Summer learning opportunities were in place for La Cima and Amphi Middle School students in 6<sup>th</sup> and 7<sup>th</sup> grades who needed help in math and reading.
- Amphi High offered a targeted summer school for its students with the assistance of grant monies.

Dr. Tom Collins, Director of Federal Programs, will present an overview of the summer learning opportunities and the results.

---

**RECOMMENDATION:**

This item is presented for the Board's information.
