| Subject: | Consider and Act on the Recommendation of the Education Master Planning Committee to Pursue the Potential Design of a Feeder Pattern for Implementation in a Future Year | | | |
| Contact Person: | Dr. Brad Schnautz, Superintendent Paula Barbaroux, Chief Operations Officer | | | |
| Policy/Code: | | | | |
| Priority and Performance Objective: | Priority 4: Strong Financial Stewardship and Internal System Efficiency Objective 4.1: Transparent Financial Stewardship Objective 4.2: Effective and Efficient District Operations Objective 4.3: Long Range Facility Management Plan | | | |
| Summary: | A common request in the GCISD community has been the creation of a feeder pattern from elementary school through middle school to high school with fewer students splitting schools at transition years. The members of the Education Master Planning Committee have also heard this request from the community and recommends that the District pursue the design of a feeder pattern that will reduce the number of students having to split from peers at transition years. | | | |
| Attachments: | | | | |
| Recommendation: | The recommendation is for the Board of Trustees to approve the recommendation of the Education Master Planning Committee to pursue the design of a feeder pattern that reduces the number of students that split from peers at transition years and, if determined viable, implement that new feeder pattern in a future year after the | | | |

| 2026-2027 school year.
