Aubrey, TX 76227

Dear AISD Teachers & Staff care of Pat Housdon

I would like to thank you for your generous contribution to my future education. This scholarship is appreciated greatly for, as I make my way into college any assistance I am granted will allow me to better achieve the goals I have set for myself. My experiences and involvement at Aubrey High School and the motivation of my parents Roney and Deborah Testerman have helped motivate and prepare me for the higher level of education I plan to obtain. Throughout my life my parents have worked incredibly hard and have inspired me to put maximum effort into everything I do. Through my experience at Aubrey High School, I have taken many classes and have been involved in a multitude of extracurricular activities that have also taught me the work ethic and discipline required to earn a college degree. My visit to Texas A&M, and research I have done through high school career projects has convinced me that A&M is the best college to obtain my education. I will be a freshman in the fall of 2011. While my major is not what I would consider "set in stone" I am planning on pursuing a degree in economics. I have also strongly considered pursuing a degree in chemistry or perhaps a related science major. I am excited about going away to college, for I enjoy learning and the college atmosphere. While in college I plan to be involved and work to help pay for my education. After I earn my bachelors degree, I plan to obtain my master's degree while pursuing a career in economics (or science). I know that I have the capabilities to stand out and succeed in career path I pursue. Your scholarship helps me overcome the intimidating sum of money that earning a college education requires and will assist me greatly. I once again thank you for your generous contribution.

Sincerely,

Hunter Testerman
