

Hallsville Independent School District

For the Consideration of the Board of Trustees

Date of Board Meeting: September 22, 2025

Topic: Recognition - National Math Star - Deniel Romaniuk

Background and Rationale:

National Math Stars announced the selection of Deniel Romaniuk, a 3rd student at Hallsville ISD, as part of their 2025 cohort. Currently serving all communities across seven states, National Math Stars is a 10-year, fully funded academic initiative designed to support gifted young mathematicians.

Deniel was selected from a pool of thousands of nominations based on academic excellence, passion for mathematics, and school leader recommendations. As a National Math Star, he will receive a long-term package of support valued at over \$100,000, which includes:

- Weekly one-on-one math mentoring
- Advanced math learning opportunities
- STEM enrichment materials and opportunities
- Invitations to math competitions and summer camps
- Long-term support from 3rd grade through high school - all at no cost to the family

Only 57 students were selected from TX and Deniel is the ONLY one selected from Region 7!

Personnel Affected:

Budget Implications:

- ☐ Include in this year's budget
- ☐ Amendment of this year's budget required
- ☐ Increase in this year's budget required
- ☐ Expenditures required for next year's budget
- ☐ N/A

Recommendation:

Recognition

Hallsville Student Selected for \$100,000 National Math Acceleration Program

Today, National Math Stars announced the selection of Deniel Romaniuk, a 3rd student at Hallsville ISD, as part of their 2025 cohort. Currently serving all communities across seven states, National Math Stars is a 10-year, fully funded academic initiative designed to support gifted young mathematicians.

Deniel was selected from a pool of thousands of nominations based on academic excellence, passion for mathematics, and school leader recommendations. As a National Math Star, he will receive a long-term package of support valued at over \$100,000, which includes:

- Weekly one-on-one math mentoring
- Advanced math learning opportunities
- STEM enrichment materials and opportunities
- Invitations to math competitions and summer camps
- Long-term support from 3rd grade through high school - all at no cost to the family

"We are incredibly proud of Deniel for this achievement," said Anda Juban, District G/T Coordinator. "It's a remarkable opportunity that will help him thrive academically and open doors in STEM for years to come."

The National Math Stars program aims to identify and nurture the mathematical talent of exceptional students who may otherwise face barriers to advanced learning. Each year, only a select group of nominated students is invited to join the cohort.
